Subject: Temporary Use By-law for Hamilton Zoning By-law No.6593, Dundas Zoning By-law 3581-86 and Hamilton Zoning By-law 05-200 to establish Temporary Uses By-laws

Ida,

The Niagara Peninsula Conservation Authority (NPCA) has reviewed the Temporary Use By-law for Hamilton Zoning By-law No.6593, Dundas Zoning By-law 3581-86 and Hamilton Zoning By-law 05-200 to establish Temporary Uses By-laws for seven pilot project areas and some properties within the rural area to permit entertainment on Outdoor Commercial Patios for a maximum period of two years.

Based on our review, the NPCA has no objection to the approval of the Temporary Use By-law. Please note that an NPCA work permit will be required for any works in the NPCA regulated area in accordance with the NPCA's "Regulation of Development, Interference with Wetlands and Alterations to Shoreline and Watercourses" (O. Reg. 155/06) https://npca.ca/sites/default/files/Development_LandUsePolicy_Oct2011_0.pdf .

Regards,

Heather Ireland
