Reason(s) for delegation request: BARC has participated in the examination of options for Bayfront Beach facilitated by the consultants hired by the City (i.e., AECOM). We also collected water quality data at the Beach and across Hamilton Harbour in 2016 and wish to present those data in an effort to (1) contribute to the future of recreational opportunities in the West Harbour and (2) dispel the widespread public perception that water quality specifically at Bayfront Beach is at all indicative of water quality across Hamilton Harbour.

Will you be requesting funds from the City? No
