March 24/17

To whom it may concern,

I would like to reaffirm Core Urban Inc. as a strong supporter of LRT as well as the proposed Bay Street stop. As developers, especially in the lower city we face many challenges with parking. LRT is a generational opportunity we are counting on to provide quality transportation options to our existing and future projects that add density to the core.

Our commercial Tenants employ hundreds of people that are also anticipating LRT as there transportation of choice into the future.

We are strong supporters of Hamilton. We will continue to invest in our community; our hope is that our City will do the same with this infrastructure.

Sincerely,

Steve Kulakowsky

Core Urban Inc.
