Hamilton, Ontario. L8P 4Y5.

Re: 547 King Street, East

Dear Sirs or Madams,

I'm writing to ask for exemption from Development charges that would be charged on the above named property.

The development has proven to be an expensive one due to the additional costs related to engineering and additional drainage provisions necessary because of the inadequacies of the King Street sewers. In addition while we expect the residential portion of the construction should be marketable but the commercial portion we expect will remain vacant for some time due to the numerous vacancies of similar and more reasonable neighbouring properties.

Your consideration in this matter would be greatly appreciated. Thank you.

Yours truly,

R. N. Donnell &amp; Company Limited

  
R. N. Donnell.

C.C. Councillor Green, Joseph Spiler, Lindsay Gillies
