Re: My letter calling for an LRT review by the Auditor General of Ontario dated 2017-03-20.

Dear Mayor Fred Eisenberger and Councillor Lloyd Ferguson

1. Together, WE should ask the Auditor General to review the out-dated practices being used on Hamilton LRT.
2. Together, WE should demand affordable infrastructure.
3. Together, WE should set our sights on becoming a Smart Sustainable City.

With the re-introduction of Councillor Whitehead's Motion (9.1), I ask that you both ask Council to vote in favour of this Motion on Wednesday, April 19th.

Yours sincerely,

Paul Slater
