**Subject:** Gated community Ancaster

Dear Ms Bedioui,

I will be moving into my new home June 7th, the Losani Augusta development. Please consider my response to a proposal to have a gated community in my new development.

**I am opposed to the City of Hamilton forcing my community to have gates at the entrances to our condominium. I have seen other common elements condominiums and have never seen one before that had gates. I do not want my common expenses increasing making my homes less affordable, nor the maintenance and operational problems of having contractors, visitors, and others needing gates to enter my condominium. I would like the City to let me have the condominium registered as it was described to me by Losani Homes. I ask that those members of City Council who are forcing my community to have gates please reconsider.**

**With Kind Regards,  
Coreen Corning  
Lot # 50**
