Subject: Re: Notice to Augusta Homeowners, Potential Change to Condominium

To whom it may concern,

I am the owner of Augusta Lot#20. I strongly objected to put gates on those three road and make that a gate community. When I purchase the house. There were one big reason for it is I don't need to pay condo fee. And it is not fair to us such a last minute notice and change. And I have to pay condo fee on my house. If I know that at the beginning, I won't even bother to purchase the house. I cannot afford such expensive condo fee on the top of my mortgage. Unfortunately I won't be able to express my objected voice at the meeting. I am very upset at the moment and I hope you can put yourself into our shoe. I am strongly objected the plan to change our site to condominium.

Thank you

Wendy Lo
