Subject: Notice to Augusta Homeowners, Potential Change to Condominium

To whom it may concern,

I am the owner of Augusta Lot #30. I am strongly objected to make our site as gate community. That is not part of the agreement when I purchase my house. It create a lot of inconvenience with the gate install and we have a nice neighbor hood. We don't need the gate to separate us with our neighbors. The most important reason when I purchase my house is no condo fee. So I vote NO to change our site to gate community or condominium.

Thank you

Lisa Xuan
