Subject: Fw: Gates at Augusta Losani community Ancaster

Dear Sir/Madam,

It is with heavy heart that I am writing this to your office in regards to the proposed law to make ONLY Augusta section of the Losani complex a gated subdivision in that community.

-I purchased this property from Losani because of the layout and the beauty of that community.

-Applying gates at a time when the buildings at the of our closing will add additional 30,000\$ to my mortgage which I did not budget for.

-I do not see why only a tiny portion of that community should be carved out and made to suffer significant losses by paying 300% more in assessment on gates that benefits no one except the contractor.

-If there there should be gates it should be included in the plan and buyers will decide if that's what they want.

- I am pleading with the City to avoid making our lives more miserable by imposing additional levels unto the heavy taxes that we have to pay.

- I invested all my life savings on this project and it is sad that we have to be secluded for no apparent reason and also made to bear unnecessary losses.

I am begging you to please rethink this action and look for new plans to execute this plan.

Yours truly,

Concerned owner.
