To whom it may concern,

I am the owner of Augusta Lot #20. I just want to clarify that I know I have to pay a private road fee for the roadway and maintenance, including snow removal. But install a gate is so inconvenience plus it will increase our fee. We have a nice neighborhood and we don't need a gate to separate us from our neighbors. It is not part of the agreement when I purchase my house. So I vote NO for the potential Change to Condominium.

Thank you

Wendy Lo
