Subject: Alleyway dispute in downtown Dundas

To whom it might concern,

I am a longtime resident of Dundas -24+ years, and I would like to register my disapproval of the sale of valuable public property to a private citizen for such a paltry sum.....
\$2????!!!!!! If this alleyway is so dangerous, I would rather the city fence the area off and for it to remain city or town property. This whole thing smells of corruption and back room dealing, and, should the "sale" go through, what does that say about our democratic process?

Sincerely,
Barb Sachs
