**Subject:** continued support for LRT

Hi All,

I just wanted to reiterate, **again**, my family's continued support for LRT in Hamilton. I want to thank you both, mayor Eisenberger and councilor Green, as well as the other pro-LRT councilors for keeping up the fight for this essential transit and infrastructure project. I'm afraid that my hope is waning with the continuing delays and obstructionism.

Thanks for having a forward-thinking vision of this great city.

Best,

Cynthia Lokker
