Please send my comments to the Planning City Staff and the Clerk's Dept.

What I like:

two questions attached

Stick to original Scabe  
approved plan C

What I don't like:

As Councillor for Ward 11, can you tell us how much tax revenues are generated from Ward 11? I am particularly interested in the Winona area. Of those revenues, how much is spent in Winona, and on what?

I would like clarification because when new tax revenue is generated in this area by the new development, I want to make sure that the monies are invested into our community here in Winona.

Councillor Johnson, the new plan that we are being shown will result in medium and high density development that will erode our property values and add to traffic and take away from our quality of life. This makes no sense to me, and I think the only people benefiting here will be the developers, who will make lots of money off of this.

I can't support this plan, and I am asking you Ms. Johnson to bring back the communities plan.
