==Committee Requested==

Committee: Public Works

==Requestor Information==

Name of Individual: Living being: Lino Tavares

Reason(s) for delegation request:

Property at 27 Market st. south, Dundas, Ontario. I own this property with my son who has 2 toddlers. My concern and request: Within 100ft lives 7 children. the traffic here is heavy and a problem with speeding is a big issue. People coming down the hill speeding over the 40Km going north and people from the stop reaching speeds of 55-60 Km (this is within 50ft to 27 market st.) as mentioned by a police officer few months back as I reported this to them , however never heard back from them. I understand from another police officer that we needed to report so that the police dept does an analysis etc to then report to the city. They also referred me to the local officer in charge of Dundas. when I called for two weeks the number said it was not available.. I finally got thru and left two messages and advised that this would be the last message I would leave.. I have spoken to the neighbors and they all agree. The safety of especially the kids and even I when I need to cross the street to into my house is a big issue. What is required is another stop sign where the hockey arena is which is just next door to me (50ft dist.) and a speed bump between both stop signs in this stretch of about 100-200ft.. In this small stretch exists only about 8 homes..Before and after is clear space with no

residential housing.. Can you help fix this issue. I do not wish to register a legal intent for any injuries, as this will be in great numbers...Just trying to work with the city in fixing this issue.. Reminder. recently just in waterdown on park ave. a kid was killed as you should be well aware. City needs to be pro-active and not reactive...Thus this info serves for the record... and thus served.. and accepted... that this issue will be dealt with asap... thanks for your time and effort in creating residential space safe....
