

Form: Request to Speak to Committee of Council

Submitted on Thursday, October 26, 2017 - 3:59 pm

==Committee Requested==

Committee: Audit, Finance & Administration

==Requestor Information==

Name of Individual: Susan Canning

Reason(s) for delegation request:

I was in serious car accident and got behind in my taxes. I have been diagnosed with permanent disability by two prominent specialists. I'm getting things caught up now but I have over \$800 in interest and penalties. I cannot afford this and would like that money credited back to my tax account. I also am asking for the property tax break money owed to me for conservation land back to 2001. Apparently either Canada post or the conservation people have lost forms over the years for several years . A Hamilton employee told me awhile back that indeed I had been given all of my conservation land tax breaks for every year. I found out later that this was not the case. I have owned and protected this land since 2001 and I have all the acres for each year in an email from the Ministry. MPAC has never rejected the amount of land any of the years since 2001. I would like that credited back to my tax account for the missing years. Also, a couple of years ago I hit a pothole on a road in Flamborough. There was over \$2000 in damage to my car due to Hamilton negligence. Risk management told me that they would not be paying me anything for this issue. They immediately came out the next day and filled the pothole. I would like money for this damage from the City of Hamilton.

I am not available in the mornings so I would prefer to meet with council after 5 PM. Apparently they do meet with citizens after 5 PM. Please contact me by email and/or phone soon. I appreciate your help with this. Thanks, Susan C

Will you be requesting funds from the City? Yes

Will you be submitting a formal presentation? No
