5. 2018 Volunteer Committee Budget Submission – Hamilton Cycling Committee (PW18004) (City Wide) (Item 7.1)

- (a) That the Hamilton Cycling Committee (HCyC) 2018 base budget submission, in the amount of ten thousand dollars (\$10,000), as described in Appendix A to PW Report 18-001, be approved and referred to the 2018 budget process for consideration;
- (b) That, in addition to the base funding, a one-time budget allocation for 2018 of two thousand five hundred dollars (\$2,500), funded by the Hamilton Cycling Committee (HCyC) reserve, be approved and referred to the 2018 budget process for consideration.

6. Proactive Enforcement at Albion Falls (PED17207) (City Wide) (Item 8.1)

(a) That the hiring of four Municipal Law Enforcement (MLE) Officers (Students) equivalent to 1.32 FTE to proactively enforce the City of Hamilton Parks By-law No. 01-219 at targeted City-owned waterfalls and parks in the amount of \$80,080 be referred to the 2018 budget process;

(b) That the one-time capital cost for the purchase of two vehicles to proactively enforce the City of Hamilton Parks By-law No. 01-219 at targeted City-owned waterfalls and parks in the amount of \$52,802 be referred to the 2018 budget process.

7. Dundas Wastewater Treatment Plant and Cootes Paradise (PW18009) (Ward 1 and 13) (Item 8.2)

- (a) That the initiative to upgrade the Dundas Wastewater Treatment Plant (Dundas WWTP), as outlined in report PW18009, to meet the new Hamilton Harbour Remedial Action plan (HHRAP) effluent targets, be endorsed;
- (b) That the General Manager of Public Works be authorized and directed to seek funding opportunities, or other forms of financial assistance in support of the Dundas WWTP Upgrade Project in order to offset the identified budget shortfall of \$20.0 million;
- (c) That staff be directed to report back to Public Works Committee by December 2018 to provide a financing plan to support the Dundas WWTP upgrade project.

8. Lincoln Alexander Parkway and Red Hill Valley Parkway Transportation and Safety Update (PW18008) (City Wide) (Item 8.3)

- (a) That staff be directed to continue to implement the short and medium term collision counter measures as noted in Appendix B to PW Report 18-001, as previously approved by City Council in report PW15016;
- (b) That staff undertake an annual detailed collision analysis of both the Lincoln Alexander Parkway (LINC) and the Red Hill Valley Parkway (RHVP), and report to Public Works Committee as part of the Hamilton Strategic Road Safety Program Annual Report;
- (c) That Hamilton Police Services be requested to continue to undertake regular speed and aggressive driving enforcement on both the Lincoln Alexander Parkway (LINC) and the Red Hill Valley Parkway (RHVP), and that the results be reported annually to the Public Works Committee as part of the Hamilton Strategic Road Safety Program Annual Report;
- (d) That staff undertake an annual traffic count program on the Lincoln Alexander Parkway (LINC) and the Red Hill Valley Parkway (RHVP) and report back to Public Works Committee annually with the data as part of the Hamilton Strategic Road Safety Program Annual Report;

- (e) That median barriers be installed on the Lincoln Alexander Parkway (LINC) and the Red Hill Valley Parkway (RHVP) in co-ordination with any future widening of the facilities.
- (f) That Public Works report back to the Public Works Committee in 2019, to provide an update of overall operating conditions on the Lincoln Alexander Parkway (LINC) and the Red Hill Valley Parkway (RHVP), with a focus on Ministry of Transportation Ontario (MTO) activity on Highways 403 and Queen Elizabeth Way (QEW) widening; truck activity; safety and information on the need for widening.

9. Waste Audits and Recycling in City of Hamilton Public Locations (Item 9.1)

- (a) That staff be directed to conduct waste audits in 2018 to review the materials collected and the contamination rates in the City's public space recycling containers located in select City parks, BIAs, and other Cityowned public areas; and,
- (b) That the results of the audit be utilized to develop an enhanced public recycling plan to increase the number of recycling containers in staffed parks and other City-owned public areas with the goal of increasing the City's waste diversion and recycling rates in consideration of the requirements addressed in the provincial Waste-Free Ontario Act; and,
- (c) That the plan, and associated cost of implementation, be presented to the Public Works Committee for consideration.

10. Ward 4 Playgrounds (Item 9.2)

WHEREAS, since approximately 1998, the City of Hamilton has inspected and maintained a playground structure on property owned by the Hamilton Wentworth District School Board (HWDSB) at 100 Wexford Avenue, Hamilton (A.M. Cunningham Elementary School), which is used by both elementary school students and members of the public;

WHEREAS, the structure has now become worn-out and the HWDSB has requested City assistance in disposing of the present structure and constructing a replacement structure;

WHEREAS, a new sun shelter structure will be provided and maintained by the City of Hamilton;

WHEREAS, a formal agreement for the operation and maintenance of the proposed structures will be required for the public amenity on non-City owned lands; and,

WHEREAS, \$300,000 has been allocated for the design, disposal and construction of the replacement of the play structure and sun shelter, with the funding coming from the Ward 4 Area Reserve,

THEREFORE BE IT RESOLVED:

- (a) That the disposal of the existing play structure, and the design and installation of a new playground and sun shelter, at 100 Wexford Avenue, Hamilton (A.M. Cunningham Elementary School), at an approximate cost of \$300,000 to be funded from the Ward 4 Area Rating Reserve Account #108054, be approved; and,
- (b) That the General Manager of Public Works be authorized and directed to approve and execute any and all required agreements and ancillary documents, between the City of Hamilton and the Hamilton Wentworth District School Board, for the disposal of the existing play structure, and the design and construction of new play structure and sun shelter at 100 Wexford Avenue Hamilton (A.M. Cunningham School), in a form satisfactory to the City Solicitor.

MANDATE:

The purpose of the Hamilton Cycling Committee (HCyC) is to advise the City Government on all matters related to cycling, to monitor implementation of the Hamilton Cycling Master Plan, to encourage and participate in planning for bicycling facilities, to encourage citizens to cycle instead of drive, to educate the public on the benefits and necessities of cycling, and to integrate the work of neighbouring municipal bicycle committees.

PART B: Strategic Planning

STRATEGIC OBJECTIVES:

The Committee's goals are:

- Review progress in implementing the City of Hamilton Cycling Master Plan and to take action to influence progress if necessary;
- Ensure community input on specific details associated with implementing the Master Plan;
- Ensure that cycling needs are emphasized in all transportation related decisions;
- Encourage legislation and policy changes that are supportive of cycling;
- Promote cycling for transportation and recreation through relevant events;
- Educate the public on the benefits, necessities and safety aspects of cycling;
- Assist in establishing secure, adequate bicycle parking facilities;
- Represent the cycling community at City of Hamilton sponsored functions/events;
- Encourage the formation of, and liaise with other municipal cycling committees; and
- Foster a mutual respect between cyclists and other road users.
