Subject: cc. Bill No. 030, Council's Agenda for Feb. 14, 2018

Dear Mr. Mayor and City Council,

I wish to express my opposition to amend the zoning of By-law No. 6593, "Respecting Lands Located at 347 Charlton Avenue West," on Feb. 14, 2018.

As succinctly expressed by Wendy Johncox in her letter to Council, not only is a precedent set for other large, building projects in Kirchendale, there will also be problems with parking on Charlton Ave. and traffic congestion. A building with four units is understandable; six units, however, put undue stress on the neighbourhood and its environs.

I ask you to "not" approve this project as it is currently presented to Council.

Respectfully,

Peter Robinson
