1. Copyright of this drawing is reserved by the Architect. The drawing and all contained documents are an integral part of the contract. No drawing and all contained documents contained herein may not be reproduced in whole or in part without prior written permission of the Architect.

2. These Contract Documents are the property of the Architect. The Architect has no responsibility for the interpretation of these documents by the Contractor. Upon written application, the Architect will provide interpretations, clarifications or supplementary information regarding the intent of the Contract Documents. The Architect will neither design drawings submitted by the Contractor for any construction.

3. Drawings must be used for construction. The Contractor is to verify all existing conditions and dimensions required to perform the work and report any discrepancies to the Architect immediately in the Architect's office concerning any work.

4. It shall be the responsibility of the Contractor to verify all dimensions, bearings, and locations of existing conditions and dimensions required to perform the work and report any discrepancies to the Architect immediately in the Architect's office concerning any work.

5. These drawings are to be used for construction and shall not be used for any other purpose.

6. All work to be performed shall be in accordance with the Code and Rules of the applicable governing jurisdiction.

7. The Architect of these plans and specifications is not responsible for any construction or any other work not shown herein and is not responsible for any construction or any other work not shown herein and is not responsible for any construction or any other work not shown herein.

1. Copyright of this drawing is owned by the Architect. The drawing and all associated documents are the property of the Architect. The drawing and all associated documents remain the property of the Architect. The Architect shall not be held responsible for any errors or omissions in this drawing.
2. These Contract Documents are the property of the Architect. The Architect bears no responsibility for the interpretation of these documents by the Contractor. Upon written application, the Architect will provide interpretations, clarifications or supplementary documents regarding the intent of the Contract Documents. Such interpretations will become the property of the Contractor and are not to be used for any other purpose.
3. The design is intended for construction. The Contractor is to verify all existing conditions and dimensions against the work and report any discrepancies with the Contract Documents to the Architect before commencing any work.
4. It shall be the responsibility of the Contractor to obtain all necessary permits and licenses and to comply with all applicable laws, codes and regulations. The Contractor shall be responsible for obtaining all necessary permits and licenses and for complying with all applicable laws, codes and regulations. The Contractor shall be responsible for obtaining all necessary permits and licenses and for complying with all applicable laws, codes and regulations.
5. These drawings are not to be used for construction without the written consent of the Architect.
6. All work to be carried out in accordance with the Code and Rules of the Authority being permitted.
7. No Architect shall be held responsible for any errors or omissions in any part of the drawings, if the drawings are prepared by the Contractor or any other person or firm, unless the Architect has specifically approved in writing all conditions or parts of the drawings. The Contractor shall be responsible for all conditions or parts of the drawings that are not specifically approved in writing by the Architect.
