2018 REQUEST: \$2,600
2018 RECOMMENDED: \$0
2018 FINAL RATING: 74

PROGRAM or EVENT DESCRIPTION:

The Wentworth SCIA are farmers actively seeking, testing & adopting optimal farm production & stewardship practices by facilitating responsible economic management of soil, water, air & crops through development and communication of innovative farming practice. This is achieved through projects, tours & technical meetings that demonstrate & promote soil health & best management practices. Results are communicated via information transfer, networking events & support for the local 4H crop club.

STAFF COMMENTS:

New applicant organization with demonstrated program merit. Organization would benefit from further community awareness and youth involvement and funding application seeks to aide these efforts through increased communications, project implimentation (best practice tour, cover crop project) and measurement.

Sustainable Hamilton Burlington will increase its events and marketing capacity in order to provide educational and training opportunities to a greater number of Hamilton businesses. Currently, our ability to reach a greater percentage of the business community is limited by staffing capacity: our Events and Marketing Manager is just part-time and unable to implement a marketing and events program that fully meets the growth targets of the organization.

STAFF COMMENTS:

The organization's application was strong and explained how the funding would be used to build and expand the services the organization provides to its members. 2018 is the second year of this program and funding will allow the organization to deliver a more robust marketing and events program to educate their members and support the ongoing success of the organization's 2017 program funded through CEF, the Climate Change Toolkit.

Program/Event/Project Name: 2018 Hamilton Bruce Trail Access, Maintenance and Enhancement Program

2017 FUNDED: \$5,700

2018 REQUEST: \$5,183

2018 RECOMMENDED: \$5,183

2018 FINAL RATING: 75

PROGRAM or EVENT DESCRIPTION:

The Bruce Trail and its side trails must be well maintained, easy to navigate and safe to attract local users, tourists and retain its reputation as a world class footpath. Each year presents its own issues: high water levels, erosion, ice/wind storms, dangerous branches, garbage and vandalism. Although the Bruce Trail has hundreds of local Hamilton volunteers to help provide free labour, there are costs associated with ensuring the Trail is maintained at a high level.

STAFF COMMENTS:

This application adequately explained how the funding would be used. The proposed activities are a result of future weather conditions and patterns, which makes it difficult to determine the exact nature of the work to be completed. Future applications would benefit from more detailed proposed budgets based on careful review of historical activities and associated costs. Staff will continue to work with the applicant to develop performance measures and targets appropriate for the variable nature of the program.

2017 FUNDED:	\$0
2018 REQUEST:	\$35,000
2018 RECOMMENDED:	\$35,000
2018 FINAL RATING:	83

PROGRAM or EVENT DESCRIPTION:

The Hamilton Civic Incubator is a comprehensive, year-round program that supports emerging and established city-builders to improve their communities by addressing issues of engagement, civic participation, and climate change. It will connect city-builders with skills training, mentorship, and access to a network of physical, digital, and human resources. These will help them create, implement, and scale up projects that advance the city's social, environmental, and economic sustainability.

STAFF COMMENTS:

This application was very strong and clearly explained how funding would be used to support residents leading change in Hamilton. Suggestions from participants of the organization's 2017 CEF program, 100in1Day, were fundamental in the development of the proposed program expansion for 2018. The original, three month program will become a year round program with additional mentorship and skill development elements to support 100in1Day leaders as they transform their one-day interventions into sustainable, long term projects. The additional elements proposed for the 2018 program represent an expansion of roughly 75% compared to the 2017 program. Therefore, this proposal is considered a new initiative for 2018.

2017 FUNDED:	\$0
2018 REQUEST:	\$10,230
2018 RECOMMENDED:	\$10,230
2018 FINAL RATING:	80

PROGRAM or EVENT DESCRIPTION:

Green Venture is executing a modified version of Depave Paradise called Depave at Home. Depave at Home aims to provide an alternative to homeowners for traditional asphalt and concrete driveways that are impermeable. By replacing this with a permeable system, we can have a huge impact on reducing stormwater runoff and keeping the water that falls on our property, on our property. These empowering homeowner demonstration projects are invaluable for engaging neighbourhoods in making change.

STAFF COMMENTS:

The organization's application was strong and explained how the funding would be used to provide individuals and homeowners with the resources, skills and knowledge to better protect, rehabilitate and enhance the natural environment in their communities. The 2018 proposed project activities are based on the success of the 2017 CEF project, Depave Paradise, but the scope of activities has changed due to the shift in focus to privately owned properties. As a result, this program is considered a new program for 2018.

2017 FUNDED:	\$0
2018 REQUEST:	\$20,000
2018 RECOMMENDED:	\$15,000
2018 FINAL RATING:	74

PROGRAM or EVENT DESCRIPTION:

The Steward of Cootes and Red Hill Watersheds program pivots off of one simple question. What would it take to get an entire watershed clean and keep it clean? Our work consists of three integrated programs which produce a comprehensive solution to getting our watersheds clean and sustaining that state of cleanliness. We first produce a visually pristine section of watershed through reoccurring group cleanup events. We then assign volunteers to regularly maintain the cleaned area. Thirdly, we identify recurring sources of stress to the watershed and work with the appropriate public officials and private landowners to resolve these stressors.

STAFF COMMENTS:

The organization's application adequately explained how funding would be used to build a sense of community engagement and mobilize volunteers to rehabilitate and protect Hamilton's watersheds and natural areas.
