June 16, 2018

Tom Broen
Owner
231 Sherman Ave South
Hamilton, ON

To whom it may concern,

With respect to the proposed new residential development at the former Lifesavers factory on Cumberland Avenue, I would like to note my opposition to the development in its current form. The development's proposed height and density will cause significant traffic and sight line issues for the neighbourhood. I believe that any new development should reflect the neighbourhood's current residential built form.

Sincerely,

Tom Broen
