attached hereto, constitutes Official Plan Amendment No. 118 to the Urban Hamilton Official Plan.

1.0 Purpose and Effect:

The purpose and effect of this Amendment is to add an Area Specific Policy to permit a net residential density of 0 to 40 units per hectare for a portion of the subject lands, and to remove a portion of the subject lands from Block 3 of the Block Servicing Area Delineation, in order to allow for the orderly and efficient development of the lands.

2.0 Location:

The lands affected by this Amendment are known municipally as 41, 43, 45, 46, 47, 49, 50, 51, 53, 54, 55, 57, 58, 59, 61, 62, 63, 65, 66, 67, 69, 70 Escarpment Drive, and 1215, 1217, 1219, 1221, 1227, 1229, 1231, 1235, 239 Barton Street, in the former City of Stoney Creek.

3.0 Basis:

The basis for permitting this Amendment is:

- Due to the size of the existing lots and existing development to the north, land consolidation is not possible to facilitate residential development that can meet the minimum density required for the existing designation. This amendment will lower the minimum density requirement and therefore enable orderly and efficient development to take place in accordance with the Fruitland-Winona Secondary Plan policies.
The proposed Amendment is consistent with the Provincial Policy Statement, 2014 and conforms to the Growth Plan for the Greater Golden Horseshoe, 2017.
