Notes:

1. The permit fees provided for the above noted municipalities are based on 2018 rates and do not reflect any proposed fee increase for 2019.
2. The City of Burlington has two permit fees for a residential house. For a house with a total area of up to 300 square metres the fee is \$12.85 per square metre, for a house over 300 square metres the fee is \$16.57 per square metre. In the table the lower fee was used for comparison purposes, if the higher fee had been used then the average for a residential house would have been \$15.53 which would have put Hamilton's proposed 2019 fee for a residential house below the average of all seven municipalities.
