Ontario buyers supporting COR™

Research study released 2015
Dr. Chris McLeod
Associate Professor
University of British Columbia

An audit-based occupational health and safety recognition program: Is certification associated with lower firm work-injury rates?

BRITISH
COLUMBIA

“What we found—Overall”

“Certified firms had, on average, a 12% lower short-term disability, long-term disability and fatality (STD, LTD, and fatality) injury rate between 2005 and 2012 compared to non-certified firms, and a 17% lower serious injury rate”.
