#### (e) DISCUSSION ITEMS (Item 7)

- (i) Hamilton Police Services Board Report PSB 18-108 Hamilton Police Service 2019 Projected Capital Expenditures (Item 7.1)
  - (a) That the 2019 proposed budget amounts, reflected in Items 1 to 4 of the Hamilton Police Services Board Report PSB 18-108 Hamilton Police Service 2019 Projected Capital Expenditures, as shown below, be approved and the total dollar amount of \$1,485,700, be reflected in the overall 2019 Tax Capital Budget (Report FCS18097) to avoid duplication of funding dollars:
    - 1. 2019-Computer Aided Dispatch (CAD) Upgrade: \$500,000

HPS will be required to upgrade to the latest CAD software version to remain current for support. This upgrade includes the Computer Aided Dispatch (CAD) system for the radio room and the application that runs in patrol vehicles. The cost of the upgrade includes all professional services (implementation, training, and support after cut-over). The upgrade will also be required to coincide with the move to Windows 10. HPS deployment strategy will be \$300,000 in 2019 and \$200,000 in 2020.

# 2. 2019 - 2022 - Roof Replacement - Police Stations - \$1,350,000

The roofing systems at Central, East End, and Mountain Police Stations have exceeded or are approaching their life expectancy. At Central Station, there are significant leaks during inclement weather.

HPS requested the City to include police facilities as part of the City's Building Condition Assessment Program. Stantec Consulting was retained to complete the work. As a result, a Facilities Condition Report July 2016) was issued which identified a need to *replace* and/or repair the roofs due to age and condition. The following table shows the projected repairs required and the year of the repairs:

	2019	2020	2021	2022
Central Station – Division 1	\$250,000	\$200,000	\$250,000	\$250,000
East End Station – Division 2	\$200,000	\$0	\$0	\$0
Mountain Station – Division 3	\$0	\$0	\$0	\$200,000

#### 3. 2019 - Roof-Top HVAC Units - Mountain Station - \$400,000

The roof-top HVAC units are the original units of the facility from its opening in 2004 and have exceeded their life expectancy of 10 years. The units are constantly failing, and parts are difficult to obtain. The new units will be more energy efficient.

### 4. 2019 - Conducted Energy Weapons (CEWs) - \$335,700

Currently, HPS deploys X26 CEWs to its front-line officers. They are being discontinued and; therefore, there is a need to move to the new X2 model. HPS needs to begin training and transitioning to the X2 CEW model in 2019. The costs include holsters, warranty, and cartridges for training, re-certification and operational needs.
