# CITIZEN COMMITTEE REPORT

<b>To:</b>	Chair and Members Public Works Committee
<b>From:</b>	Sharon Gibbons Hamilton Cycling Committee – Chair _____ (to be signed by the Chair)
<b>Date:</b>	April 1, 2019
<b>Re:</b>	Bollard Installation along Herkimer St. and Motor Vehicle Turning Restriction at the Intersection of Herkimer St. and Queen St. S. (Wards 1 and 2)

## Recommendation:

WHEREAS, the existing configuration of the north-east corner of Queen Street South and Herkimer Street is unacceptably dangerous; and,

WHEREAS, the Hamilton Cycling Committee believes that actions should be undertaken by the City of Hamilton to remove this extreme hazard to human life on an interim basis until Queen Street South is redesigned;

THEREFORE, BE IT RESOLVED:

That the Hamilton Cycling Committee recommends to the Public Works Committee the following:

- (a) That the City of Hamilton install impact-resistant steel safety bollards between the bicycle and motor vehicle lanes on Herkimer Street; and,
- (b) That motor vehicle operators no longer be permitted to turn from Queen Street South onto Herkimer Street during the interim period before the street is redesigned.

## Background:

The Hamilton Cycling Committee believes the existing configuration of the north-east corner of Queen Street and Herkimer Street is unacceptably dangerous.

**Analysis/Rationale:**

The Hamilton Cycling Committee believes that actions should be undertaken by the City of Hamilton to remove this extreme hazard to human life on an interim basis until Queen Street is redesigned.
