

**Responses to Jury Recommendations**

HWDC Deaths Inquest Q2018-16

**HAMILTON PUBLIC HEALTH**

RECOMMENDATIONS :

**# 57**

<b>REC. #</b>	<b>ORGANIZATION'S RESPONSE</b>
<b>57</b>	Hamilton Public Health Services (PHS) has collaborated with the Hamilton Wentworth Detention Centre, and starting in May 2019 will be expanding its current harm reduction programming on the women's side to the Men's side. The goal is to enhance inmates' knowledge of resources that are available while incarcerated and community resources available upon release from custody. PHS will be at HWDC every Thursday afternoon for 3.5 hours. During this time, PHS will provide 3 1 hour harm reduction sessions to rotating mini units of male inmates within the HWDC.
