Hi Angela,

As a Hamilton resident in ward one, I would like to express that in order to attend council meetings, I would like them to:

- be held when the majority of residents have time off, AFTER 5pm
- be held in Hamilton, preferably city hall where there is the most transit to this location available
- be held in a physically accessible room, in an accessible building (AODA compliance)
- have live streaming and commenting to improve accessibility

I am extremely disappointed with the efforts to try and close off meetings to the public and the movement of the meetings for interviewing potential city manager candidates to a hotel in Niagara on the Lake. Hamilton elected officials must do better - their jobs are on the line.

Kind regards,

Kendra
