I am writing to express my displeasure with Lloyd Ferguson and the request to amend council meetings to take place at 9:30 am. Like myself, many citizens work Monday-Friday, 9-5 it is imperative to hold council meetings at a conducive time that Hamiltonians can attend and have their voices heard.

As elected officials, the job you were elected to do is represent Hamilton and be of service to your constituents. I find it disgusting that Councillor Ferguson proposed this change by linking the Red-Hill fiasco to a meeting that ran late into the evening. If you oppose the current schedule, why run?
