About Us

Oak Hill Academy is a classical Christian school serving the Hamilton area. We partner with parents to teach children to love God and neighbour, to know their home and heritage, and to carry child-like wonder with them all their lives.

**Nurturing wonder, wisdom,
and virtue in Christ through
a banquet of truth, goodness
and beauty.**

Why Oak Hill Academy

Christian | Tuning children's hearts to love God and all that God loves. We stand in the historic Christian faith and delight in the gospel of grace.

Classical | Classical learning prioritizes habit-training and virtue. Advancing through the trivium of grammar, logic, and rhetoric, children learn to think coherently, reason capably, and speak eloquently.

Restful | Class sizes are small and we do not teach to tests. There is a liturgical rhythm to our day. Our curriculum is paced to help students master the language and mathematical arts, and to write beautiful truth on their hearts.

Integrated | Our curriculum is woven together through three cords - history, biblical studies, and nature study - that provide continuity, coherence, and context within each class and throughout Kindergarten to Grade 12.

Low-tech | Pencils, chalk, paintbrushes, and paper - we prioritize manual over digital experiences, and the fine and common arts: music, poetry, painting, architecture, theatre, and gardening. Children do not have access to screens, and screens are sparingly used as teaching tools.

Love of home | We put children in relation with real things and their local world, learning the names and natures of bugs, plants, buildings, and neighbours. This cultivates a love of place from which care and responsibility flow.
