Subject: towers 310 Frances

"Dear Honourable Mayor & Council, Please take back your delegated authority for Site Plan Control / Approval on the application for 310 Frances. As per the Planning Act, you have carriage and in the best interest of all citizens, it is incumbent upon you that approval for a build of this massive scale rests with all City of Hamilton elected representatives"

The infrastructures cannot handle a project of that magnitude. Let's use our collective brains.

Sincerely

Zita Petozzi
