

Concerned Residents of Balsam Avenue South

Good Morning Members of the Public Works Committee

I am speaking on behalf of Balsam Ave residents.

- 1. 2016-2017 - From Main and Sherman Streets East including Dunsmure Ave were paved, including Leinster Ave where all construction stopped.**
- 2. The paving crews left June 2017 and never returned.**
- 3. Former Councilman Green's office said as soon as the new high school was completed, Balsam Ave would be completed.**
- 4. Bike lanes were installed on Gage Ave 2018.**
- 5. Cannon Street from Sherman to James Street, paving and bike lanes began May of 2019.**
- 6. June 2019 City crews put 3 band aid patches on Balsam Ave between King and Cannon Streets.**
- 7. Very large trucks using Balsam Avenue instead of Gage Avenue. We already had a cave in due to these large trucks.**
