Overall, the design of the building does not appear to have changed significantly since its construction circa the turn of the 20th century. The central doors, with flanking windows on the front façade, and the low hip roof date to at least the 1950s when the East Flamborough Police Department occupied building.
- (iii) Contextual Value – The property is important in defining the historic character of the area. It is physically, functionally and historically linked to its surroundings. This former public building is located on the historic transportation corridor of Main Street North just north of Dundas Street.
