***Re: Submission being made by the Hamilton Collaborative Partnership Group***

***Dear Members of Hamilton City Council.***

On behalf of the Active Lifestyle and Performance Training Institute (ALP-TI), please consider this a letter of support of the request being made by the Hamilton Collaborative Partnership Group towards a joint application with the City of Hamilton targeting funding for a multi-sport and recreation centre facility in the City of Hamilton.

As the recognized leader in high performance development in Hamilton, ALP-TI runs a multitude of programs and services for hundreds of local athletes and the hamilton community as a whole. We've been recognized as one of Hamilton's 40 fastest growing businesses for 2 consecutive years of our 3 years in business and the only thing limiting our growth now is facility space and environment / location.

The need for a facility that houses all the components proposed by the Multi Sport Facility would dramatically enhance our ability to optimize the health and lifestyles of not only the athletes in the city, but the population of Hamilton as a whole as well! And beyond just ourselves, there are a large number of organizations and businesses that would be able to enhance their ability to improve the health and wellbeing of our Hamilton community.

In an effort to support ongoing community and sport development, we strongly encourage you to consider any and all possible options in supporting this request.

Sincerely,

Adam Lloyd
