MOVED BY COUNCILLOR J.P. DANKO.....

Modification of the Waste Collection Services Request for Proposal to Include Options for Bi-Weekly Collection of Landfill Waste (City Wide)

WHEREAS, in September 2019 City staff reported that the successful Request for Proposal for the Operations and Maintenance of the Material Recycling Facility would result in a net annual increase in cost of \$2.697 million for a total increase in cost to taxpayers of \$13.485 million over the five-year contract term;

WHEREAS, Hamilton taxpayers are facing significant municipal property tax increases in the following years and Council is dedicated to identifying savings and efficiencies in waste management;

WHEREAS, in October 2019 the Regional Municipality of Niagara approved changing from weekly collection of one container of landfill waste to bi-weekly collection of two containers of landfill waste;

WHEREAS, nine comparable municipalities including Halton, Waterloo and Ottawa all have bi-weekly collection of landfill waste which has resulted in significant improvements to diversion from landfills;

WHEREAS, the City of Hamilton has a landfill waste diversion goal of 65%;

WHEREAS, the City of Hamilton currently has a landfill waste diversion rate between 40% to 50% which has remained stagnant over the last several years;

WHEREAS, it is estimated that bi-weekly landfill waste collection will improve diversion rates and for every 5% of landfill waste diverted, the life of the Glanbrook Landfill would be extended by another four years resulting in an estimated value to taxpayers of \$63 million in landfill space;

WHEREAS, in January 2012 City staff recommended bi-weekly collection of landfill waste as the preferred option for the 2013 to 2020 waste collection service contract with an estimated savings of approximately \$3 million annually over the collection period of 2013 to 2020;
