**Subject:** Bi-weekly garbage collection

Good morning Councillor –

I'm writing to you as a property owner in your ward ([REDACTED]) to let you know that I support Bi-weekly garbage pickup (with weekly green bin and recycling).

When I lived in cities with bi-weekly collection and it works. There will be challenges for some people, but it is very possible for an average household to accomplish and I think the City should move in this direction.

It would demonstrate a commitment to waste diversion and if it saves some costs at the same time, even better.

Thanks,

--

Kevin McNally, P.Eng. (ON, BC)
