**Reason(s) for delegation request:** Hello, my name is Arwen Roussell.

I am a local registered volunteer musician for the City of Hamilton.

My reason for my delegation, is to give an honest, loving statement of how climate change is affecting the homeless. We are all affected in similar and different ways, although how is the Homeless segment of the community handling it?

As someone who is in the public eye musically, and also volunteering in the dark corners that need love and art, I believe that I have a general idea that is beneficial.

I am bringing to the table what I see in the homeless portion of the community; as well as cost and time effective tools to implement. I am bringing my personal experiences, and professional thoughts. I intend to bring a concept of "Hamilton Homeshare" as well as "quick-to-build huts", specifically in the sectors of King and James and the Urban Core that are, as previously stated, cost/time effective for the city. I am bringing the humanity we all deserve.

Thank you for your consideration. Have an excellent day.
