COMMENTS:

I am living in Westcliffe for only 2 years (perhaps my  
wife is not as heavily weighted and someone living here for more  
years. I am a patient of Dr. Shewen's clinic. I love  
walking to it. I think the building looks beautiful. I  
would enjoy getting a coffee or treat at the convenience store.  
~~I would like~~ I welcome the clinic. I hope the  
negative issues can be resolved. Thank you.

COMMENTS:

My husband Navren and myself live a little further away from the proposed development however we both totally believe it is transform the area and will be a great asset to the neighbourhood. For a long time now before it was a EP surgery it was very old run-down looking. It will be very refreshing to see the area being modernized. There is a cabinet need for a EP surgery planess and the convenience store in a growing pip-lined area. We support the project!

I strongly support the Application for Development of this site by Dr. Swarna  
 We need a Doctor in our Area. There are hundreds of other people living in our Neighbourhood that would benefit a Doctor nearby.  
 Joseph DT  
 The Drs Sharma are terrific plus he our Neighbourhood.

COMMENTS:

It's good to be aware of what is going in your neighbourhood. There are many busy traffic streets. But overall this need serves many people. Over all it operates as is, what? New buildings would be a positive for the neighbourhood. I have lived in this ward for 32 years.

\*The turn out @ the meeting - is a great indication of who Dr. Sharma - is as a Doctor. He and my husband Warren are blessed I have her as our Doctor.

COMMENTS:

- building is too tall for neighbourhood. would prefer 2 story only
- concerned - lack of parking spots
- concerned about type of commercial business ie Tobacco shop, pharmacy
- concerned about light + noise pollution
- concerned about hours of operation and future council use ie 24hr. business
- concerned about increase in traffic

No Pharmacy

No Tobacco

I welcome an improvement to the property however I would like to see something that is in scale with surrounding homes ie max 2 story.

COMMENTS:

Over view of property. We welcome the clinic  
 - can't guarantee Dr's office has will remain limited as  
 outlined at meeting  
 - they say 2 stories - pictures also show 3 levels of building  
 - no idea of hrs for store or pharmacy  
 - concerns re safety - isolated pharmacy - crime more  
 likely than in a big strip mall  
 - employee & resident parking should not spill into park  
 or our local side streets  
 - scope / size ways out of line in our single family buildings  
 neighborhood  
 - we support single level clinic only

COMMENTS:

- the size of this project is too large. there is not a need for housing on this property.
- We do not have a problem with the Dr's office.
- We do not need a variety store. the neighbourhood has now gotten over having a store
- the city must move very slowly, he has done a terrible job maintaining his property
- the model picture is very nice however there is not a model of what it looks like with cars parked in the picture

COMMENTS:

- object to 2nd floor condo units - too great a chance to expand the commercial  
opportunities & overland resources

- object to having a convenience / variety store

- support a Dr. Office's selected plan which is as long  
as the site can NOT be expanded. He  
wants to purchase on site (as in on 11th Ave Dundas  
for Dr. Biberova's structure) via the future.

Yes  No  Please check one

COMMENTS:

Having a doctor's office is not a problem, but 3 car day + 3 connected with  
 residentially should not fit on the site.  
 Having a pharmacy is a concern - it will affect bus stops + drug stores.  
 Being at a T-way stop is a real problem for pedestrians. Drivers  
 are too concerned about other cars rather than looking for pedestrians.  
 My wife takes the bus downtown + feels she has to walk from our  
 house up to Seave + there are no stairs. Then she has to try and  
 cross the road - driving the risk has this in a problem.  
 There is a parkette SW from the entry stop, maybe the playground  
 equipment could be moved over by the stairs + the turn that into  
 another car park?

2

William

Send back the size - maybe only 2+2

1. Fully support this project.

- Bringing services in the community  
is very useful and parking the cars  
be reorganized.

It reduces the traffic in the  
area of people who live on  
the premises for less time  
needed.

COMMENTS: This project is a huge overuse of the property.  
Proposed project too large - cannot accommodate  
Parking  
- welcome the Doctor to the area but not  
condos & pharmacy & store  
- traffic is congested as it is and with additional  
building by Annapolis Hospital and this  
proposal to be a chaos  
- why can we not have a similar situation  
at Brown on east side, where speeds have been reduced  
to 40k and redesigned to be a beautiful area  
- with the high taxes we pay we should not  
have to put up with commercialism.

again the Doctor is most welcome but not the  
condos, store or pharmacy.

COMMENTS:

Development too large for location  
for too many autos attempting to  
access property at a busy corner  
will now face street parking and  
street walking. Autos coming going to a Dr's  
appointment along with their waiting, come from  
with the ~~Pharmacy~~ grocery stores and the resident parking  
will be complete chaos.

COMMENTS:

I welcome the doctor. the clinic may be too big if  
apartments are included, as that would probably take up  
parking spaces from the doctor's patients.

like the nice clean building as opposed to the messy one there now  
parking is a concern - why cant we enlarge the tiny  
lot for the park - double its size?? lots of room there!

COMMENTS:

Concerned that parking will spill into parking lot the park  
Site is over developed. Should be a single use site only  
or at most a doctor office with a pharmacy  
Concerned that the size of the building will approach very  
close to the sidewalk. This does not fit with the look  
of the neighbourhood.

COMMENTS:

As previously noted, we are against this development. It does not suit the neighbourhood, is too big for the space and does not provide the parking needed for a structure with the indicated purpose. Perhaps one business with one residence above would be more appropriate.

Put one doctor's office in - not three businesses with no parking!!

COMMENTS:

I think this will be a great idea and plan for the future. It will bring the value of the neighbourhood up. We do need more practitioners and pharmacies. In the area if there is a concern of people speeding on upper paradise, there maybe a cop should supervise the street for the safety of pedestrians and children coming from school.

COMMENTS:

We believe we need more Drs & clinics for most  
needed health care. Being seniors we support the  
project- what's heartily
