Mayor & Members of Council
71 Main Street West
Hamilton, ON

We live at 230 Meadowbrook Drive, Ancaster, in a condo townhouse group and back onto Wilson Street West at the traffic circle.

The noise from trucks, cars and motorcycles accelerating westbound to beat the traffic light at the 403 / Wilson exit and the unpatrolled open road to Shaver Road coupled with the engine braking to decelerate in the eastbound lanes at the traffic circle has become unbearable. We keep our doors and windows shut and cannot use our deck.

We request that the city install a sound barrier along Wilson Street West to help cut down the noise and allow us some peace in our community.

Thanks in advance

Chuck Billingsley
