

Homeless on Ferguson: This has created a heavy burden on the neighbourhood. The Ferguson neighbourhood is already unsafe due to criminal activities (and trespassers) from the Wesley center. Granting extensions is exactly the same as granting a permit for publicly exhibited criminal activity. "Our" neighbourhood deserves a break. If a tent area is required I would not suggest putting it in a populated area (out front of 2 large apartment buildings). Hamilton has a large amount of vacant factories that are accessible via public transit. I believe the city owns a large lot at Queen & Barton.
