The maximum an organizer/group is eligible to receive is \$1,000 per calendar year.

During the application period, prospective applicants may contact City staff to ask questions of clarification before submitting their application. Late applications and applications submitted in any format other than the online application form will not be accepted. Late applicants will be invited to add their contact information to the program email list to receive information about future grant opportunities.

ASSESSMENT

Grant applications will be assessed in three stages:

1. Staff Review

City staff will review each grant application as it is submitted to ensure:

- Eligibility
- Completeness

City staff will not provide a score or assessment on the quality of the proposed activity.

After staff have reviewed each grant application to ensure that it is eligible and complete, all grant applications will be shared confidentially with Keep Hamilton Clean & Green Committee working group members.

2. Working Group Review and Assessment

At least three members of the Keep Hamilton Clean & Green Committee will form a working group to assess the grant applications. After receiving a package of eligible and complete grant applications from City staff, working group members will assess

each application independently and provide a score according to how the proposed initiative meets the following criteria:

- How the activity aligns with the Clean & Green Strategy focus areas
- Support or involvement from the public and community stakeholders
- The level of detail included in the proposed evaluation plan/anticipated outcomes
- The initiative’s benefits to the community and the natural environment
- Reasonableness of anticipated expenses and responsible use of public money
- Appropriateness and reach of proposed promotional tools
- Recognition and acknowledgement to the Keep Hamilton Clean & Green Committee
- Other merit of the proposed activity (e.g. any noteworthy, exceptional or innovative ideas)

After independently scoring each application, working group members will attend a consensus meeting facilitated by City staff to determine final scoring and funding recommendations. Each application will receive a total score based on the maximum score of 50 points. A passing score for an application is 60% (30 points) or above. A score of 60% or above will qualify, but not guarantee the application for possible funding.

3. Committee Approval

Working group members will present their final scoring and funding recommendations at the next Keep Hamilton Clean & Green Committee meeting for consideration and approval. The Committee will discuss and vote on a motion to fund or not fund each grant application individually after the working group has shared its final scores and funding recommendations.

Following Keep Hamilton Clean & Green Committee approval, all working group and Committee members will be asked to securely discard all confidential materials or return materials to the staff liaison to be securely discarded.

Keep Hamilton Clean & Green Committee recommendations for Grant funding will be provided to City Council through the Public Works Committee.

Successful and unsuccessful applicants will receive written feedback about the Committee members decision regarding their application.

Successful applicants are required to submit a written final report on their project/activity within three months after the project/activity is completed. Applicants may

choose to provide supporting materials, such as photos, videos, brochures, etc., that help tell the story of their initiative. The final report template is provided as Appendix B.

With the applicants’ permission, stories and photos from successfully completed projects may be shared publicly by the Keep Hamilton Clean & Green Committee to demonstrate the impact of the Grant program.
