Subject: Chair and Members of Emergency and Community Services Committee Meeting September 10, 2020 at 1:30pm

Hello,

As a resident of the Stinson neighbourhood (200 Stinson St) I would like to know why there has been no public consultation regarding a plan to convert the old Cathedral High School (Main and Emerald) into a homeless shelter for 45 men.

From what I understand the City is providing about \$500,000 to renovate and an additional \$700,000 all of taxpayers money, to Good Shepherd (religious non profit) for administrating this entity until June 30, 2021.

When will the public be consulted on the full plan including the study on the impact to the area?...when will we have input into what is happening to our community?

Peter Scott
