- 5. Comments on Proposed Amendment 1 to A Place to Grow and Revised Land Needs Assessment Methodology (PED19033(b)) (City Wide) (Item 9.2)**
- (a) That the Province of Ontario be advised that the City of Hamilton provides the following comments and recommended changes to Proposed Amendment 1 to A Place to Grow: Growth Plan for the Greater Golden Horseshoe, 2019 (ERO #019-1680):
- (i) The final Schedule 3 forecast shall reflect either the Low or Reference scenario;
  - (ii) Revise Growth Plan policy 5.2.4.2 to provide flexibility to municipalities in how the 2051 forecasts are accounted in the Land Needs Assessment and conformity work as follows (additional wording in italics):  
  
“5.2.4.2 All upper and single tier municipalities will, through a municipal comprehensive review, apply the forecasts in Schedule 3 for planning and managing growth to the horizon of this Plan. *For the period from 2041 to 2051, municipalities are not required to designate lands to accommodate the forecasted growth, but must identify a strategy for how the growth will be accommodated.*”;
  - (iii) The City does not support the proposed revisions to Growth Plan policies 2.2.1, 5.2.4.1 and 5.2.4.2. These policies should not be revised and should instead maintain the existing policy wording of the Growth Plan 2019 which requires municipalities to plan for the forecasts in Schedule 3, and do not provide any opportunity for municipalities to consider higher forecasts;
  - (iv) As an alternative to (iii), if the Province maintains the revision to policies 2.2.1, 5.2.4.1 and 5.2.4.2, the Policy should be revised to state that only Councils may request an increased Schedule 3 forecast with appropriate justification. The revised Schedule 3 forecast would require approval from the Minister, and if such approval is not granted, the Schedule 3 forecast will apply (similar to the policy direction surrounding alternative intensification or density targets);
  - (v) The Schedule 3 ‘Mock B’ format in Amendment 1 which contains the 2051 population and employment forecasts, with no interim year forecasts, is the preferred option for the Schedule 3 format;
  - (vi) As an alternative to (v), if the ‘Mock A’ format of Schedule 3 is approved, then the Hemson population and employment forecasts for the 2031 and 2041 time periods be incorporated into Schedule 3 rather than maintaining the current 2019 Schedule 3 numbers;

- (vii) The Housing by Type forecast included in the “Hemson Greater Golden Horseshoe: Growth Forecasts to 2051” report be revised to reflect the minimum Growth Plan policy requirements that provide a more realistic housing unit breakdown for municipalities to reference;
  - (viii) As an alternative to (vii), the Hemson Housing by Type forecast could be removed from the Technical Report to avoid confusion; and,
  - (ix) The Local Planning Appeal Tribunal proceedings regarding the 2011 Ministry modifications to the Urban Hamilton Official Plan and the 2009 Ministry modifications to the Rural Hamilton Official Plan shall be continued and disposed of in accordance with the 2019 Growth Plan, as amended, and the boundaries of the settlement area in the Urban Hamilton Official Plan shall not be modified by the LPAT and shall not be modified until a municipal comprehensive review has been completed except in accordance with Growth Plan policies 2.2.8.4 and 2.2.8.5.
- (b) That the Province of Ontario be advised the City of Hamilton provides the following comments and recommended changes to the Revised Land Needs Assessment Methodology A Place to Grow: Growth Plan for the Greater Golden Horseshoe, 2019 (ERO #019-1679):
  - (i) The Land Needs Assessment methodology provides a detailed, standardized approach to the completion of the LNA and remove any opportunities for doubt or debate regarding the approach to LNA completion. The revised methodology should be presented in a detailed stand-alone document similar the 2018 version;
  - (ii) The Province provide greater detail as to how market demand is to be defined to remove opportunities for lengthy tribunal debates over this topic and provide direction on how municipalities can reconcile market demand with the required Growth Plan intensification and density targets; and,
  - (iii) The completion and approval of the LNA should not require additional public consultation, potentially resulting in lengthy debates and delays, as the completion of a Land Needs Assessment is a technical document, and it is understood that municipalities consulted on LNA inputs such as intensification and density targets.
- (c) That the City Clerk’s Office be directed to forward Report PED19033(b) to the Ministry of Municipal Affairs and Housing, and this Report is considered the City of Hamilton’s formal comments on Amendment 1 to A

Place to Grow (ERO posting 019-1680) and the Revised Land Needs Assessment Methodology (ERO posting 019-1679).
