Subject: 15 Church Street Ancaster

Hello,

I am writing regarding the proposed new construction on [15 Church St.](#)

I reside in the area and frequently walk
on Wilson, Church, and Lodor Street.

The Church street sidewalk, is very narrow and cars come very close to the curb. Drivers are distracted
and at the last minute pull away when they see a pedestrian.

The new building driveways are short and cars will over hang onto the sidewalk. The side walk, is used
by pedestrians of all ages and the short driveways puts everyone at risk for a devastating accident.

Ancaster, needs to increase safety and not increase the risks of walking on sidewalks. Pedestrians are
entitled to a safe, and inclusive Community.

Regards,

Irene Dawson
