The protest was peaceful, they were watching movies. doing yoga, and taking care of each other. Social Distancing was maintained. They demanded to be spoken to in a public setting, why wouldn't Fred give his citizens that? He works for Us. This group of people is doing more to help houseless people than our own government is, shameful.

We demand that you listen to us. YOU work for US. Hamilton citizens need housing, not an inflated police budget. We're doing more than you ever have to support houseless people and you threaten us, fine us and arrest us? You throw peoples tents and belongings in the trash, how are these people supposed to stay warm in the winter? You are pure evil there's no doubt, people will freeze to death this winter and you don't care because that's what you want right? You want houseless people to die, it's very clear Fred. SHAME ON YOU. Speak to us in public, look these houseless people in the eyes and tell them you don't care instead of hiding like a coward. You have blood on your hands, the deaths of these people are on your soul forever. We will win.
