To whom it may concern,

I am stall CLOSE TO NATURAL. I have been impacted by covid to the point that I may not be able to open again. I have used all my savings to get my small business going. I am broke. Now you want me to pay more. Can you not put more stress on us. We paid the 25% as requested.

The greed of the world is why people will lose jobs, homes and businesses. Stop the rent long enough for us to get caught up. So your market can live on. And we can keep or business going. Have you not lost enough stall holders?

You will lose all of us if we cant pay your rent.
