Reason(s) for delegation request: To request the Public Works committee to move a recommendation forward to Council to support a resolution request from the City of St. Catharines in respect to Ontario Bill 197 which recently included changes impacting municipal autonomy and waste management infrastructure (landfills). Bill 197 could adversely impact the City's landfill and future waste management projects, as well as potentially other types of development. The OWMA is seeking the City's support for changes that the OWMA will be advocating with the provincial government on behalf of concerned municipalities (42 and counting) supporting the City of St. Catharines resolution.

Alternately, support a direct OWMA delegation to Council.

Will you be requesting funds from the City? No

Will you be submitting a formal presentation? Yes
