**RE: Minor Variance & Consent Applications – 25T-201105 – 62M-1198
Blocks 81, 83, 83 (Future Lot B) & 202 Eleanor Avenue**

Dear Ms. Sheffield,

Further to the above and in support of the application, please find enclosed the following:

- Complete Application Forms for the following (Signed):
 - Minor Variance Application – Block 81
 - Minor Variance Application – Block 83
 - Minor Variance Application – Block 83 – Lot B
 - Consent Application (1) – 202 Eleanor Avenue
 - Consent Application (2) – 202 Eleanor Avenue
- 5 Detailed Site Plans to accompany each application.
- 3 Cheques in the amount of \$3,320 for each Minor Variance Application
- 2 Cheques in the amount of \$2,860 for each Consent Application

The above noted applications are submitted to supplement approval of an active Minor Revision to Draft Plan Application for 25T-201105. As part of this application, we are seeking to develop the remnant residential reserve blocks, being Blocks 81 to 84, inclusive, of Registered Plan 62M-1198.

As part of our initial application, we noted that Minor Variance and Consent Applications would be required for the proposed lots and blocks. The proposal under review by staff would allow for development of:

- 6 single detached residential lots on Halo Street;
- 1 single detached lot on Halo Court;
- 1 single detached dwelling on Dulgaren Street;
- Retain a single detached lot on Eleanor Avenue; and,
- Retain a remnant residential block to be developed in the future with adjacent lands on Dulgaren Street.

Staff note that the Minor Variance & Consent Applications as submitted are required in advance of clearance of required conditions to facilitate the proposed development. Specifically, these applications are pursuing approval to permit a minor reduction in the rear yard setback for Blocks 81 and 83, and a minor reduction in the permitted lot width for Lot B. The creation of Lot B requires the severances of 202 Eleanor Ave. and consolidation of created lots with Block 83 (future PLC) and a Portion of Block 84 (Future PLC) which staff are supportive of.

Please see below for comments from staff for consideration in review of the proposed applications:

The "C" (Urban Protected Residential) Zoning District requires a minimum 6.0 m front yard width, a minimum 1.2 m side yard width and a minimum 7.5 m rear yard depth. The proposed building envelopes on the proposed lots shown as Blocks 81, 82, and part of Block 83 comply with the regulations contained in the "C" District with regards to front yard depth, side yard width and rear yard depth with the exception of the rear yard depth for the proposed lots shown as Block 81 & Block 83 which are located in a "C" District do not conform.

A portion of Block 81, 83 and a portion of Block 84 have been designated for future development and shall be merged with the adjacent lands to the east for the creation of residential lots at which time compliance would be achieved, with the exception of the proposed 11.78 m lot width for lot B, which does not conform. In addition, lots A, B & C prior to the consolidation of the lands do not conform to the lot area requirements of the "C" District.

We trust that the enclosed materials are sufficient to review and process this application. Should you require any additional information or have any questions please do not hesitate to contact the undersigned.

Sincerely
Losani Homes
