### Report

## Chapter 1 Introduction

#### 1. Introduction

#### 1.1 Background

The City of Hamilton imposes development charges (D.C.) to recover capital costs arising from the increase in needs for service related to growth. The City currently has a municipal-wide D.C. for the following services:

- Parkland Development;
- Indoor Recreation Services;
- Library Services;
- Long-Term Care;
- Health Services:
- Social & Child Services;
- Social Housing;
- Airport Lands;
- Parking Services;
- Provincial Offences Act (P.O.A.);
- Services Related to a Highway;
- Public Works Facilities, Vehicles, and Equipment;
- Police Services:
- Fire Protection Services:
- Paramedics:
- Transit Services:
- Waste Diversion; and
- Administration Studies currently split into two sub-categories.

In addition to the above services, the City also recovers water and wastewater costs associated with growth, through D.C.s in the urban serviced areas. Further stormwater costs are recovered via area specific charges in the combined sewer system vs. all other areas outside the combined sewer system area.

The basis for these D.C.s is documented in the "City of Hamilton Development Charges Background Study, Consolidated Report," dated July 5, 2019 (the "2019 D.C. Study"),

which provided the supporting documentation for By-law 19-142. The D.C.s came into effect June 13, 2019.

The City's D.C.s have been indexed (in accordance with section 37 of the by-law) annually on July 6<sup>th</sup>, beginning in 2020, and are currently 3.92% higher than the 2019 rates implemented under By-law 19-142. The 2019 D.C.s (unindexed) are shown in Figure 1-1.

The purpose of this report is to update the current D.C. by-law in order to meet the requirements of the Development Charges Act (D.C.A.), as amended by Bill 108 (*More Homes, More Choice Act, 2019*), Bill 138 (*Plan to Build Ontario Act, 2019*), and Bill 197 (*COVID-19 Economic Recovery Act, 2020*), and Bill 213 (*Better for People, Smarter for Business Act, 2020*). A full discussion on the amending legislation is provided in Chapter 2.

A summary of the changes contained in this D.C. Update are provided below:

- The legislation has removed the mandatory deduction for all services that remain eligible in the D.C. For the City, the 10% deduction may be removed for the following services:
  - Parkland Development
  - Indoor Recreation Services
  - Library Services
  - Long-Term Care
  - Health Services
  - Social & Child Services
  - Social Housing
  - Airport Lands
  - Parking Services
  - Provincial Offences Act (P.O.A.)
  - Paramedics;
  - Public Works Facilities, Vehicles & Equipment (where associated with other discounted services);
  - Waste Diversion; and
  - General Government (Studies).

- The listing of eligible services has been changed by the amending legislation. For the City, Municipal Parking and Airport Lands will no longer be an eligible service as of September 18, 2022 (the end of the transition period provided by the amending legislation). As well, only the components of Social and Child Services that relate to Childcare and Early Years remain eligible. The amendments to the D.C. by-law will reflect these changes.
- An additional change brought forth through Bill-197 related to establishing
  classes of services. A class of service may be composed of any number or
  combination of services and may include parts or portions of each D.C.-eligible
  service. As a result of these changes to the D.C.A., this addendum report
  provides for Growth Studies (formerly Administrative Studies) as a class of
  services and Public Works Facilities, Vehicles and Equipment. Further
  discussion on classes of services is provided in Chapter 2.
- The regulations have provided an additional mandatory D.C. exemption for an added dwelling unit in new residential buildings as well as related for universities. These exemptions are to be added to the City's D.C. by-law.
- Further changes related to the timing of payments for rental housing, institutional and non-profit development were proclaimed through Bill 108. Additionally, the D.C. amount for all developments occurring within 2 years of a Site Plan or Zoning By-law Amendment planning approval, shall be determined based on the D.C. in effect on the day of Site Plan or Zoning By-law Amendment application. If the development is not proceeding via these planning approvals, then the amount is determined as the earlier of the date of issuance of a building permit or occupancy. These changes will be addressed in the amending by-law, discussed in Chapter 5 and provided in Appendix C.

#### 1.2 Existing Policies (Rules)

Appendix A of this report sets out the rules governing the calculation, payment, and collection of D.C.s as provided in By-law 19-142.

#### 1.3 Basis for the D.C. By-law Update

This D.C. update study provides for an amendment to the City's current D.C.s by-law (By-law 19-142) based on the legislative changes to the D.C.A. These include:

- Updating the D.C. analysis to remove the 10% mandatory deduction;
- Municipal Parking and Airport will no longer be eligible services as of September 18, 2022. Schedule A to the City's D.C. By-law will be amended to reflect this change;
- Creating classifications for Growth Studies and Public Works as classes of services; and
- Updating the D.C. policies in the by-law with respect to:
  - D.C. instalment payments;
  - o D.C. rate freeze;
  - Mandatory exemption for new ancillary units and universities; and
  - Updated definitions (which have been established as part of Bill 108/197).

Details on the changes to the calculation and by-law are presented in Chapter 4 and Chapter 5 of this report, respectively. The draft amending by-law is presented in Appendix C to this report.

#### 1.4 Summary of the Process

The public meeting required under section 12 of the D.C.A. has been scheduled for April 22, 2021. Its purpose is to present the update study to the public and to solicit public input. The meeting is also being held to answer any questions regarding the study's purpose, methodology and the proposed modifications to the City's D.C. by-law.

The process to be followed in finalizing the report and recommendations includes:

- consideration of responses received prior to, at, or immediately following the Public Meeting; and
- Council consideration of the amending by-law on June 9, 2021.

Figure 1-2 outlines the proposed schedule to be followed with respect to the D.C. by-law adoption process.

#### 1.5 Policy Recommendations

It is recommended that the City's current D.C. policies, as identified in Appendix A of this report, be continued.

Additionally, the new policies as stated in Bill 108, Bill 138, Bill 197, Bill 213 and O. Reg. 454-19 are recommended to be included. This is discussed in more detail in Chapter 2 of this report.

# Chapter 2 Changes to the D.C.A. Legislation

#### 2. Changes to the D.C.A. Legislation

#### 2.1 Bill 108 – More Homes, More Choice Act, 2019

On May 2, 2019, the Province introduced Bill 108, which proposed changes to the D.C.A. The Bill has been introduced as part of the Province's "*More Homes, More Choice: Ontario's Housing Supply Action Plan.*" The Bill received Royal Assent on June 6, 2019.

While having received royal assent, many of the amendments to the D.C.A. would not come into effect until they are proclaimed by the Lieutenant Governor (many of these changes were revised through Bill 197). At the time of writing, the following provisions have been proclaimed:

- Effective January 1, 2020, rental housing and institutional developments will pay D.C.s in six equal annual payments commencing at occupancy. Non-profit housing developments will pay D.C.s in 21 equal annual payments. Interest may be charged on the instalments, and any unpaid amounts may be added to the property and collected as taxes.
- Effective January 1, 2020 the D.C. amount for all developments occurring within 2 years of a Site Plan or Zoning By-law Amendment planning approval (for application submitted after this section is proclaimed), shall be determined based on the D.C. in effect on the day of Site Plan or Zoning By-law Amendment application. If the development is not proceeding via these planning approvals, then the amount is determined the earlier of the date of issuance of a building permit or occupancy.

On February 28, 2020, the Province released updated draft regulations related to the D.C.A. and the Planning Act. A summary of these changes is provided below:

Changes to Eligible Services – Prior to Bill 108, the D.C.A. provided a list of ineligible services whereby municipalities could include growth related costs for any service that was not listed. With Bill 108, the changes to the D.C.A. would now specifically list the services that are eligible for inclusion in the by-law. Further, the initial list of eligible services under Bill 108 was limited to "hard services," with the "soft services" being removed from the D.C.A. These services would be considered as part of a new

community benefits charge (discussed below) imposed under the Planning Act. As noted in the next section this list of services has been amended through Bill 197.

**Mandatory 10% deduction** – The amending legislation would remove the mandatory 10% deduction for all services that remain eligible under the D.C.A.

Remaining Services to be Included in a New Community Benefits Charge (C.B.C.) Under the Planning Act – It is proposed that a municipality may, by by-law, impose a C.B.C. against land to pay for the capital costs of facilities, services and matters required because of development or redevelopment in the area to which the by-law applies. The C.B.C. is proposed to include formerly eligible D.C. services (as noted below), in addition to parkland dedication and other types of cost formerly recovered under Section 37 of the Planning Act.

#### 2.2 Bill 138 - Plan to Build Ontario Together Act, 2019

On November 6, 2019, the Province release Bill 138 which provided further amendments to the D.C.A. and Planning Act. This Bill received Royal Assent on December 10, 2019 and was proclaimed which resulted in sections related to the D.C.A. (schedule 10) becoming effective on January 1, 2020. The amendments to the D.C.A. included removal of instalment payments for commercial and industrial developments that were originally included in Bill 108.

#### 2.3 Bill 197 - COVID-19 Economic Recovery Act, 2020

In response to the global pandemic that began affecting Ontario in early 2020, the Province released Bill 197 which provided amendments to a number of Acts, including the D.C.A. and Planning Act. This Bill also revised some of the proposed changes identified in Bill 108. Bill 197 was tabled on July 8, 2020, received Royal Assent on July 21, 2020, and was proclaimed on September 18, 2020. The following provides a summary of the changes:

#### 2.3.1 D.C. Related Changes

#### List of D.C. Eligible Services

- As noted above, under Bill 108 some services were to be included under the D.C.A. and some would be included under the C.B.C. authority. However, Bill 197 revised this proposed change and has included all services (with some exceptions) under the D.C.A. These services are as follows:
  - Water supply services, including distribution and treatment services.
  - Wastewater services, including sewers and treatment services.
  - Storm water drainage and control services.
  - Services related to a highway.
  - Electrical power services.
  - o Toronto-York subway extension.
  - Transit services.
  - Waste diversion services.
  - o Policing services.
  - Fire protection services.
  - o Ambulance services.
  - Library services
  - Long-term Care services
  - o Parks and Recreation services, but not the acquisition of land for parks.
  - Public Health services
  - Childcare and early years services.
  - Housing services.
  - Provincial Offences Act services.
  - Services related to emergency preparedness.
  - Services related to airports, but only in the Regional Municipality of Waterloo.
  - Additional services as prescribed.

#### <u>Classes of Services – D.C.</u>

Pre-Bill 108/197 legislation (i.e. D.C.A., 1997) allows for categories of services to be grouped together into a minimum of two categories (90% and 100% services).

The amending legislation repealed and replaced the above with the four following subsections:

- A D.C. by-law may provide for any eligible service or capital cost related to any eligible service to be included in a class, set out in the by-law.
- A class may be composed of any number or combination of services and may include parts or portions of the eligible services or parts or portions of the capital costs in respect of those services.
- A D.C. by-law may provide for a class consisting of studies in respect of any eligible service whose capital costs are described in paragraphs 5 and 6 of s. 5 of the D.C.A.
- A class of service set out in the D.C. by-law is deemed to be a single service with respect to reserve funds, use of monies, and credits.

As well, the removal of 10% deduction for soft services under Bill 108 has been maintained.

#### 10-Year Planning Horizon

 The "maximum" 10-year planning horizon has been removed for all services except transit.

#### 2.3.2 Community Benefit Charges (C.B.C.)

While a Community Benefit Charge is not being considered within this report, a summary of the legislated changes is provided herein for information purposes.

#### C.B.C. Eligibility

- The C.B.C. is limited to lower-tier and single tier municipalities, whereas uppertier municipalities will not be allowed to impose this charge.
- O.Reg. 509/20 was filed on September 18, 2020. This regulation provides for the following:
  - A maximum rate will be set as a percentage of the market value of the land the day before building permit issuance. The maximum rate is set at 4%. The C.B.C may only be imposed on developing or redeveloping buildings which have a minimum height of five stories and contain no less than 10 residential units.

- Bill 197 states that before passing a C.B.C. by-law, the municipality shall prepare a C.B.C. strategy that (a) identifies the facilities, services, and matters that will be funded with C.B.C.s; and (b) complies with any prescribed requirements.
- o Only one C.B.C. by-law may be in effect in a local municipality at a time.

#### 2.3.3 Combined D.C. and C.B.C. Impacts

#### D.C. vs. C.B.C. Capital Cost

 A C.B.C. may be imposed with respect to the services listed in s. 2 (4) of the D.C.A. (eligible services), "provided that the capital costs that are intended to be funded by the community benefits charge are not capital costs that are intended to be funded under a development charge by-law."

#### <u>Transition – D.C. and C.B.C.</u>

- The specified date for municipalities to transition to the D.C. and C.B.C. is two years after Schedules 3 and 17 of the COVID-19 Economic Recovery Act comes into force (i.e. September 18, 2022).
- Generally, for existing reserve funds (related to D.C. services that will be ineligible):
  - If a C.B.C. is passed, the funds are transferred to the C.B.C. special account;
  - If no C.B.C. is passed, the funds are moved to a general reserve fund for the same purpose.
  - If a C.B.C. is passed subsequent to moving funds to a general reserve fund, those monies are then moved again to the C.B.C. special account.
- For reserve funds established under s. 37 of the Planning Act (e.g. bonus zoning)
  - If a C.B.C. is passed, the funds are transferred to the C.B.C. special account;
  - If no C.B.C. is passed, the funds are moved to a general reserve fund for the same purpose;
  - If a C.B.C. is passed subsequent to moving funds to a general reserve fund, those monies are then moved again to the C.B.C. special account.

If a municipality passes a C.B.C. by-law, any existing D.C. credits a landowner retains may be used towards payment of that landowner's C.B.C.

#### 2.4 Bill 213 – Better for People, Smarter for Business Act, 2020

On December 8, 2020, Bill 213 received Royal Assent. One of the changes of the Bill that took effect upon Royal Assent included amending the Ministry of Training, Colleges and Universities Act by introducing a new section that would exempt the payment of D.C.s for developments of land intended for use by a university that receives operating funds from the Government.

Due to this, a revision to the exemptions section will be made in the proposed amending D.C. by-law.

## Chapter 3 Anticipated Development

#### 3. Anticipated Development

#### 3.1 Growth Forecast in the 2019 D.C. Study

The 2019 D.C. study provided for the anticipated residential and non-residential growth within the City of Hamilton. The growth forecast associated with services included in the background study is provided in Figure 3-1 below:

Figure 3-1
City of Hamilton
2019 D.C. Background Study – Growth Forecast Summary

| Non-Residential Gross Floor Area Increase (sq.ft.) | 28,791,900 | 39,111,300 | 38,758,400 | 8,031,700                | 30,726,700                |

Source: Watson & Associates Economists Ltd. Forecast 2019

For the purposes of this D.C. update, the 2019 D.C. Study growth forecast remains unchanged as the incremental growth is anticipated to remain the same.

# Chapter 4 Updates to the City's D.C. Study

#### 4. Updates to the City's D.C. Study

As noted earlier, the City's D.C. By-law 19-142 came into effect on June 13, 2019, being a by-law for the purposes of establishing and collecting a D.C. in accordance with the provisions of the D.C.A. The 2019 D.C. Study and by-law identified anticipated capital needs for recovery through D.C.s for municipal-wide services, urban-wide services, area specific urban services and a special area charge in Dundas/Waterdown.

This chapter of the report discusses the removal of the 10% mandatory deduction for municipal parks and recreation services (formerly parkland development and indoor recreation services), library services, growth studies, long term care, health services, social & child services, social housing, paramedics, airport lands, parking services, P.O.A., public works facilities, vehicles & equipment, and waste diversion. A discussion is also provided on the classification of Growth Studies and Public Works as classes of services. As these costs are being added as part of the 2019 D.C. Study, the capital costs are being presented in 2019 dollars.

As part of a D.C. amendment, consideration must be given to the historical service level calculation to ensure that the service level ceiling has not been exceeded in the updated calculations. These calculations have been undertaken and are included in Appendix B to this report. No service level has been exceeded by the calculations provided herein.

#### 4.1 Municipal Parking Services

Given the change to the D.C.A. through Bill 197, the mandatory 10% deduction has been removed from D.C.-eligible services. Note: although municipal parking will become an ineligible service under the D.C.A as of September 18, 2022, the City is eligible to collect D.C.s for this service until that date (this will be highlighted in the updated by-law).

Figure 4-1 provides the updated capital project listing with the removal of the mandatory deduction. The growth-related studies related to Municipal Parking that were previously included in the Administrative Studies – Community Based Studies capital costs, have now been reclassified and included on this capital project listing. This adjustment allows staff to amend the by-law in the future to remove Parking Services from the D.C.s, without amending the calculation related to Growth Studies. This provides for a D.C.-eligible amount of \$22.24 million.

In addition, an examination of the updated service standards has been undertaken as per section 5(1)4 of the D.C.A. The service standards for parking provide a combined D.C. level of service ceiling of \$24.15 million, which is in excess of the growth-related capital needs and hence, no further adjustments are required. The service standards are provided in Appendix B.

Based on the City's 2019 D.C. Study, the costs allocated between residential and non-residential development based on the ratio of future anticipated population and employment are 63% residential and 37% non-residential over the 10-year forecast period.

#### Figure 4-1 City of Hamilton Municipal Parking Capital – Updated

| 4                 | Parking Service Study   | 2019             | 200,000                                    | -           |                     | 200,000             | 50,000                                |   | 150,000                         | 94,500                      | 55,500                              |
|                   |   |                  |  |             |                     |                     |                                       |   |                                 |                             |                                     |
|                   |   |                  |  |             |                     |                     |                                       |   |                                 |                             |                                     |
|                   |   |                  |  |             |                     |                     |                                       |   |                                 |                             |                                     |
|                   |   |                  |  |             |                     |                     |                                       |   |                                 |                             |                                     |
|                   | Total   |                  | 56,280,000                                 | 4,930,000   | -                   | 51,350,000          | 29,111,772                            | -   | 22,238,228                      | 14,010,084                  | 8,228,144                           |

#### 4.2 Airport

The City's has been recovering land costs for airport expansion related to growth through D.C.s for many years with this practice being continued as identified in the 2019 D.C. Study. Given the change to the D.C.A. through Bill 197, the mandatory 10% deduction has been removed from D.C.-eligible services. Note: although airport will become an ineligible service under the D.C.A as of September 18, 2022, the City is eligible to collect D.C.s for this service until that date (this will be highlighted in the updated by-law).

Figure 4-2 provides the updated capital project listing with the removal of the mandatory deduction. This provides for a D.C.-eligible amount of \$18.73 million.

In addition, an examination of the updated service standards has been undertaken as per section 5(1)4 of the D.C.A. The service standards for airport lands provide a combined D.C. level of service ceiling of \$18.92 million, which is in excess of the growth-related capital needs and hence, no further adjustments are required. The service standards are provided in Appendix B.

Based on the City's 2019 D.C. Study, the costs allocated between residential and non-residential development based on the ratio of future anticipated population and employment are 63% residential and 37% non-residential over the 10-year forecast period.

#### 4.3 Parks and Recreation Services

The City currently collects for Parks and Recreation under two categories, Parkland Development and Indoor Recreation Services. With the changes to the D.C. Act, these charges continue to be eligible as Parks and Recreation Services. For updated calculation purposes, we have continued to provide two sub-categories within this combine eligible service, the first being Outdoor Recreation and Park Development, Amenities, Trails, Vehicles & Equipment and the second being Indoor Recreation Facilities, Vehicles & Equipment.

As discussed earlier, the capital costs included for Parks and Recreation have been modified to remove the mandatory 10% deduction. Figures 4-3 and 4-4 provide the updated capital project listings with the removal of the 10% deduction. The total D.C. eligible amount being included in the calculations for Parks and Recreation Services is \$198.59 million.

Through the updated service standards provided in Appendix B, the maximum D.C. allowed to be recovered for Parks and Recreation is \$273.11 million. This ceiling is in well in excess of the growth-related capital needs.

Based on the City's 2019 D.C. Study, as the predominant users of parks and recreation tend to be residents of the City, the forecasted growth-related costs have been allocated 95% to residential and 5% to non-residential.

# 4.4 Library Services

With respect to library services, adjustments have been made to reflect the removal of the mandatory 10% deduction. Figure 4-5 provides the capital project listing with the removal of the mandatory deduction.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for Library provide a D.C. ceiling of approximately \$29.64 million. Given that the capital program is \$28.66 million, the D.C.-eligible capital amounts are within the level of service ceiling. In addition to the capital program, outstanding debt of \$1.55 million is also included in the D.C. calculations.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 95% residential and 5% non-residential. This is to acknowledge that although library usage is predominantly residential based, there is some use of the facilities by non-residential users.

#### 4.5 Growth Studies

A change brought forth through the Bill-197 amended legislation concerned classes of services. A class of service may be composed of any number or combination of services and may include parts or portions of each D.C.-eligible service. Section 7 of the D.C.A. states that a D.C. by-law may provide for any D.C.-eligible service or the capital costs with respect to those services. These provisions allow for services to be grouped together to create a class for the purposes of the D.C. by-law and D.C. reserve funds.

In addition, Section 7(3) of the D.C.A. states that:

"For greater certainty, a development charge by-law may provide for a class consisting of studies in respect of any service listed in subsection 2 (4) whose capital costs are described in paragraphs 5 and 6 of subsection 5 (3)."

As a result of these changes to the D.C.A., this update study provides for the former "Administrative Studies – Community Based Studies" and "Administrative Studies – Engineering Services Studies" to be combined and categorized as a class of services entitled "Growth Studies." Growth Studies provide for studies comprised of the following services:

- Water Services:
- Wastewater Services;
- Stormwater Drainage and Control Services;
- Services Related to a Highway;
- Fire Protection Services;
- Policing Services
- Ambulance Services (formerly referred to as Paramedics);
- Transit Services;
- Waste Diversion;
- · Parks and Recreation Services;
- Library Services;
- Long Term Care;
- Public Health;
- Child Care and Early Years;

- Housing Services; and
- P.O.A.

Figure 4-6 depicts how the costs of capital projects are allocated across the services. For planning related studies, a deduction of 10% has been applied to recognize the extent to which some studies relate to non-D.C.-eligible services. Most planning studies, along with development charge studies, have been allocated to the class of based on the proportion of the total net growth-related capital costs for each service included in the D.C. background study, in the following manner:

- Water Services 11.15%
- Wastewater Services 22.13%
- Stormwater Services 17.06%
- Services Related to a Highway 30.68%
- Policing Services 1.26%
- Fire Protection Services 1.11%
- Ambulance Services 0.19%
- Transit Services 3.54%
- Waste Diversion 1.02%
- Parks and Recreation 9.24%
- Library Services 1.4%
- Long-Term Care 0.23%
- Public Health 0.00%
- Child Care and Early Years 0.02%
- Housing Services 0.87%
- P.O.A. 0.07%

Other studies, such as joint water & wastewater studies, have been split 50%/50% to each service, studies related to water, wastewater, stormwater, and roads have been allocated 25% to each service, and other studies have been shared based on the proportionate amount of growth-related capital associated with the services that benefit from the studies.

In updating the list of studies to be included for this D.C. update, the parking related study was removed as mentioned in section 4.1 above. In addition, there were a number of studies included in the 2019 D.C. study that have been removed as they do

not specifically relate to a service on the revised eligible list of services. Finally, the cost of undertaking this D.C. update process was included.

In addition to the classification as a class of service, and allocation of studies between eligible services, the mandatory 10% deduction has been removed for non-planning related studies. The total revised growth-related capital costs included in the updated D.C. calculations equal \$16.06 million.

The capital costs have been allocated 63% residential and 37% non-residential based on the incremental growth in population to employment for the 10-year forecast period, consistent with the 2019 D.C. Background Study.

#### 4.6 Ambulance Services

With respect to ambulance services (formerly referred to as paramedic services), adjustments have been made to reflect the removal of the mandatory 10% deduction. Figures 4-7 and 4-8 provides the capital project listing with the removal of the mandatory deduction.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for Ambulance Services provide a D.C. ceiling of approximately \$4.59 million. Given that the capital program is \$4.12 million, the D.C.-eligible capital amounts are within the level of service ceiling.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 90% residential and 10% non-residential. This is to acknowledge that although ambulance usage is predominantly residential based, there is some use of the facilities by non-residential users.

#### 4.7 Waste Diversion Services

With respect to waste diversion services, adjustments have been made to reflect the removal of the mandatory 10% deduction. Figure 4-9 provides the capital project listing with the removal of the mandatory deduction.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for waste diversion provide a D.C. ceiling of approximately \$23.38 million. Given that the capital program is \$22.05 million, the D.C.-eligible capital amounts are within the level of service ceiling.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 83% residential and 17% non-residential based on the allocation of residential versus non-residential properties collected from.

#### 4.8 Public Health

With respect to Public Health services, adjustments have been made to reflect the removal of the mandatory 10% deduction. Figure 4-10 provides the capital project listing with the removal of the mandatory deduction.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for Public Health provide a D.C. ceiling of approximately \$5.28 million. Given that the capital program is \$82,598, the D.C.-eligible capital amounts are well within the level of service ceiling.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 90% residential and 10% non-residential. This is to acknowledge that although health service is predominantly residential based, there is some use of the service by non-residential users.

#### 4.9 Long-Term Care

With respect to Long-Term Care, the City has recently revised its cost estimate for the construction of an expansion to the Macassa Lodge which would provide both additional beds as well as replaced existing beds in another portion of the lodge. In addition, the City applied for grant funding from the Ministry of Long-Term Care to assist in covering the costs of the project. The Ministry has confirmed that subsidy funding will be provided for the project via two "one-time" payment amounts totalling \$1.8 million along with a construction funding subsidy to be paid to the City monthly over 25 years totalling \$4.4 million in current dollars.

With the announcement of subsidy funding and revised costing for the project being available, the Macassa Lodge the capital costs included in the 2019 D.C. study have been updated to reflect the latest information available for this D.C. update. As such, the 25-year payments to be received have been discounted to \$3.13 million in 2019 dollars and added to the one-time grants being received. Therefore, the total grants and subsidies equal \$4.414 million, which provides a deduction being made against the revised gross cost of \$27.157 million. Further, a benefit to existing deduction of 69% has been made related to 44 beds to be replaced vs. the additional 20 beds to service growth.

In addition to the revisions noted above, adjustments have been made to reflect the removal of the mandatory 10% deduction. Figure 4-11 provides the capital project listing with the removal of the mandatory deduction and the revised grants/subsidy information.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for Long-Term Care provide a D.C. ceiling of approximately \$19.59 million. Given that the capital program is \$5.05 million, the D.C.-eligible capital amounts are well within the level of service ceiling.

Based on the City's 2019 D.C. Study, as the predominant users long-term care homes tend to be residents of the City, the forecasted growth-related costs have been allocated 90% to residential and 10% to non-residential.

# 4.10 Child Care and Early Years

The Previous D.C. included Social and Child Care Services as part of the service standard calculations undertaken. With the recent changes to the D.C.A., the only component of social and child services that remain eligible for inclusion in the D.C. calculations relate to Child Care and Early Years. The service standard calculations have been updated to remove all facility space related to other social services facilities that provide non-childcare/early years space. However, the capital costs included in the 2019 D.C. study for future expansion to service growth, pertained specifically to Child Care, therefore, the capital program remains unchanged.

With respect to Child Care and Early Years services, adjustments have been made to reflect the removal of the mandatory 10% deduction. Figure 4-12 provides the capital project listing with the removal of the mandatory deduction.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for only the Child Care and Early Years facility space provides a D.C. ceiling of just over \$1.98 million. Given that the capital program is \$415,379, the D.C.-eligible capital amounts are within the level of service ceiling.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 90% residential and 10% non-residential. This is to acknowledge that although childcare and early years programs and services are predominantly residential based, there is some use of the service by non-residential users.

# 4.11 Housing Services

With respect to Housing Services, adjustments have been made to reflect the removal of the mandatory 10% deduction. Figure 4-13 provides the capital project listing with the removal of the mandatory deduction.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for Housing Services provide a D.C. ceiling of approximately \$106.07 million. Given that the capital program is \$18.84 million, the D.C.-eligible capital amounts are well below the level of service ceiling.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 100% residential to acknowledge that the service is required because of residential growth.

# 4.12 Provincial Offences Act (P.O.A.)

With respect to P.O.A. services, adjustments have been made to reflect the removal of the mandatory 10% deduction. Figure 4-14 provides the capital project listing with the removal of the mandatory deduction.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for P.O.A. provide a D.C. ceiling of approximately \$1.85 million. Given that the capital program is \$1.59 million, the D.C.-eligible capital amounts are within the level of service ceiling.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 63% residential and 37% non-residential based on the incremental growth in population to employment for the 10-year forecast period.

#### 4.13 Public Works

Similar to Growth Studies, the changes in the D.C.A. has brought rise to the need for the City to create a Class of Service related to the Public Works Facilities, Vehicles and Equipment that assist throughout the city in providing support to a various D.C. eligible services. These services include water, wastewater, stormwater, services related to a highway, transit, parks & recreation, etc. As such a class of service is being created to ensure the continued recovery of growth funding towards the expansion of space, vehicles and equipment needed to service future growth.

As a result of these changes to the D.C.A., this update study provides for the former "Public Works Facilities, Vehicles & Equipment" as a categorized class of services entitled "Public Works."

Figures 4-15 and 4-16 provides how the costs of capital projects are allocated across the D.C. eligible services that the facilities, vehicles, and equipment service. To allocate costs of facilities, vehicles and equipment various allocations have been made based on the services that the project pertains to. For example when capital pertains to water, wastewater, stormwater, and services related to a highway, the capital projects have each been allocated 25% of the costs when project relate only water and wastewater services have been allocate equal shares of the costs. Further, many of the projects listed pertain only to one service, as indicated.

In updating the list of capital projects, there was a project identified for removal from the capital listing, as it pertained to a vehicle for building department staff, which is not related to a specific eligible service as per the amendments to the D.C.A.

In addition to the classification as a class of service, and allocation of public works facilities, equipment, and vehicles between eligible services, the mandatory 10% deduction has been removed from projects that formerly pertained to discounted services (e.g. parks & recreation services). The total revised growth-related capital costs included in the updated D.C. calculations equal \$41.74 million.

The details regarding the updated service standards are provided in Appendix B. The resulting service standards for Public Works provide a D.C. ceiling of approximately \$96.23 million, well above the capital program included in the D.C. calculations.

Based on the City's 2019 D.C. study, the growth-related capital costs have been allocated 62% residential and 38% non-residential based on the incremental growth in population to employment for the 10-year forecast period.

#### 4.14 D.C. By-law Revised Schedule of Charges

#### 4.14.1 Updated D.C. Calculation (2019\$)

Figure 4-17 provides the calculations to the proposed D.C. to be imposed on anticipated development in the City for municipal-wide services over the 13-year forecast period to 2031, and Figure 4-18 provides the calculations for municipal-wide services of the 10-year forecast period based on the changes described earlier in this chapter related to Public Works. Figure 4-19 provides for D.C. calculations on a 10-year forecast basis for Municipal Parking and Airport services that will become ineligible as of September 18, 2022.

The calculations provided herein are the same as was provided for in the 2019 D.C. Study. For the residential calculations, the total cost is divided by the "gross" (new resident) population to determine the per capita amount. The eligible D.C. cost calculations set out in Figures 4-17 to 4-19 are based on the net anticipated population increase. The cost per capita is then multiplied by the average occupancy of the new units to calculate the charge. With respect to non-residential development, the total costs allocated to non-residential development (based on need for service) have been divided by the anticipated development over the planning periods to calculate costs per sq.ft. of gross floor area for each service/class of service.

#### 4.14.2 Revised D.C. Rates (2019\$ and 2020\$)

Based on the calculations above, the Municipal-wide D.C. (in 2019\$) is calculated to increase from \$25,311 to \$26,454 per single detached unit and increase from \$11.18 to \$12.21 per square foot for non-residential development.

Figure 4-22 provides for the updated Municipal-wide D.C.s in 2019 values, as the study was originally completed in 2019. This figure would be included as the amending schedule to the D.C. by-law. Figure 4-23 provides for the indexed 2020 values as the City's current D.C.s have been indexed by 3.92% on July 6, 2020 as per the by-law.

## Chapter 5 Updates to the D.C. By-law

#### 5. Updates to the D.C. By-law

As summarized in Chapter 2, the D.C. by-law will require several updates to conform with the D.C.A., as amended.

With respect to the "Time of Calculation and Payment" section of the by-law, the following refinements are to be included:

- Six equal annual D.C. payments commencing at occupancy for Rental Housing and Institutional Developments;
- Non-profit Housing Developments will be allowed to pay their D.C.s in 21 equal annual payments; and
- The D.C. amount for all developments occurring within 2 years of a site plan or zoning by-law amendment planning approval (for applications submitted after January 1, 2020) shall be determined based on the D.C. in effect on the day of the site plan or zoning by-law amendment application.

Instalment payments and payments determined at the time of site plan or zoning by-law amendment application are subject to annual interest charges. The interest rate, at the Bank of Canada Prime rate with semi-annual increments, has been adopted by City Council and is based on the City's D.C. Interest Policy FPAP-DC-002. This policy may be amended from time to time.

For the purposes of administering the by-law, the following definitions are provided as per O. Reg. 454-19:

"Rental housing" means development of a building or structure with four or more dwelling units all of which are intended for use as rented residential premises.

"Institutional development" means development of a building or structure intended for use,

- a) as a long-term care home within the meaning of Subsection 2 (1) of the *Long-Term Care Homes Act, 2007*;
- b) as a retirement home within the meaning of Subsection 2 (1) of the Retirement Homes Act, 2010;
- c) by any of the following post-secondary institutions for the objects of the institution:

- i. a university in Ontario that receives direct, regular, and ongoing operating funding from the Government of Ontario,
- ii. a college or university federated or affiliated with a university described in subclause (i), or
- iii. an Indigenous Institute prescribed for the purposes of Section 6 of the *Indigenous Institutes Act, 2017*;
- d) as a memorial home, clubhouse, or athletic grounds by an Ontario branch of the Royal Canadian Legion; or
- e) as a hospice to provide end of life care.

"Non-profit Housing Development" means development of a building or structure intended for use as residential premises by,

- a) a corporation without share capital to which the *Corporations Act* applies, that is in good standing under that Act and whose primary object is to provide housing;
- b) a corporation without share capital to which the *Canada Not-for-profit*Corporations Act applies, that is in good standing under that Act and whose primary object is to provide housing; or
- c) a non-profit housing co-operative that is in good standing under the *Co-operative Corporations Act*, or any successor legislation.

In addition to the changes provided above, the following definition for "Class" will be provided:

"Class" means a grouping of services combined to create a single service for the purposes of this by-law and as provided in section 7 of the Development Charges Act.

With respect to exemptions, the following will be included as per O. Reg. 454-19:

No development charge shall be payable where the development:

 is limited to the creation of an additional dwelling unit as prescribed, in prescribed classes of new residential buildings as set out in the Regulations to the Development Charges Act, 1997; and

 is limited to the creation of an additional dwelling unit ancillary to a new dwelling unit in prescribed classes of new residential buildings as set out in the Regulations to the Development Charges Act, 1997.

With respect to exemptions, the following will be included as per Bill 213:

Land vested in or leased to a university that receives regular and ongoing operating funds from the government for the purposes of post-secondary education is exempt from development charges imposed under the Development Charges Act, 1997 if the development in respect of which development charges would otherwise be payable is intended to be occupied and used by the university.

Other new definitions have been included in the draft by-law to incorporate language being used in the amended legislation, they include definitions such as Accessory Dwelling; Ancillary Residential Building, Hospice, Rental Housing; etc.

As presented earlier, the D.C. for the Municipal Parking and Airport services will cease to be recoverable as of September 18, 2022. As such, changes to Schedule A have been made to identify the charges to be imposed pre- and post-September 18, 2022.

## Chapter 6 Recommendations

#### 6. Recommendations

It is recommended that Council:

"Approve the Development Charges Update Study dated March 5, 2021, as amended (if applicable)";

"Approve the updated capital projects set out in Chapter 4 of the Development Charges Update Study dated March 5, 2021";

"Determine that no further public meeting is required"; and

"Approve the Amending Development Charge By-law as set out in Appendix C".

# Appendix A Existing Policies under By-law 19-142

#### A-1: Existing Policies under By-law 19-142

The following subsections set out the rules governing the calculation, payment and collection of D.C.s as provided in By-law 19-142, in accordance with the D.C.A.

#### **Approval for Development**

The Development of land is subject to Development Charge where the Development requires the following:

- a) the passing of a zoning by-law or of an amendment to a zoning by-law under section 34 of the *Planning Act*;
- b) the approval of a minor variance under section 45 of the Planning Act,
- c) a conveyance of land to which a by-law passed under section 50 (7) of the Planning Act applies;
- d) the approval of a plan of subdivision under section 51 of the Planning Act,
- e) a consent under section 53 of the *Planning Act*,
- f) the approval of a description under section 50 of the Condominium Act,
- g) the issuing of a building permit under the *Building Code Act* in relation to a building or structure.

#### **Determination of the Amount of the Charge**

The calculation for residential development is generated on a per capita basis and is based upon different forms of housing types (single and semi-detached, apartments with two or more bedrooms, one-bedroom apartments and bachelors, other multiples, and residential facilities/lodging houses). The total cost is divided by the "gross" (new resident) population to determine the per capita amount. The eligible D.C. cost calculations are based on the net anticipated population increase (the forecast new unit population less the anticipated decline in existing units). This approach acknowledges that service capacity will be "freed up" by the population decline in existing units. The cost per capita is then multiplied by the average occupancy of the new units to calculate the charges by type of residential dwelling unit.

The non-residential D.C. has been calculated based on a per square foot of gross floor area basis.

#### **Rules with Respect to Redevelopment - Demolitions**

In the case of the demolition of all or part of a Building:

- a) a credit shall be allowed against the Development Charges otherwise payable pursuant to this By-law, provided that a building permit has been issued for the Redevelopment within five years of the issuance date of the demolition permit on the same land and may be extended by the General Manager of Finance and Corporate Services either for Developments located outside the Urban Area Boundary or for Developments where it has been determined by the General Manager of Planning & Economic Development that significant development delays were not the responsibility of the developer, or may be otherwise extended by Councilor;
- b) the credit shall be calculated at the time Development Charges are due for the Redevelopment as follows:
  - i. for the portion of the Building used for Residential Uses, by multiplying the applicable Development Charge under Section 9 of this By-law by the number, according to type, of the Dwelling Units have been or will be demolished as supported by a demolition agreement; and
  - ii. for the portion of the Building used for Non-residential Uses, by multiplying the applicable Development Charge under Section 9 of this By-law, according to type of Non-residential Use, by the Gross Floor Area that has been or will be demolished as supported by a demolition agreement;
- without limiting the generality of the foregoing, no credit shall be allowed where
  the demolished Building or part thereof would have been exempt pursuant to this
  By-law, including Buildings, or parts thereof, that would have been exempted.

#### Rules with Respect to Redevelopment – Conversions

Where an existing Building is converted in whole or in part from one use (hereinafter referred to in this Section as the "First Use") to another use,

- a) the amount of Development Charges payable shall be reduced by the amount, calculated pursuant to this By-law at the current Development Charges rates in respect of the First Use;
- the First Use shall be the use as confirmed through the City's Building Division and related permit records;
- c) for greater certainty, and without limiting the generality of the foregoing, no credit shall be allowed where the converted Building or part thereof would have been exempt pursuant to this By-law.

#### **Exemptions (full or partial)**

The following are exempted from D.C.s:

- Statutory exemptions
  - a) Industrial building additions of up to and including 50% of the existing gross floor area (defined in O. Reg. 82/98, s. 1) of the building; for industrial building additions which exceed 50% of the existing gross floor area, only the portion of the addition in excess of 50% is subject to D.C.s (s. 4 (3)) of the D.C.A;
  - b) buildings or structures owned by and used for the purposes of any municipality, local board or Board of Education (s. 3); and
  - c) residential development that results only in the enlargement of an existing dwelling unit, or that results only in the creation of up to two additional dwelling units (based on prescribed limits set out in s.2 of O. Reg. 82/98).
- Non-statutory exemptions
  - Building, or part thereof, used for parking but excluding a building or part thereof used for Commercial Parking;
  - Agricultural Use;
  - Place of Worship;
  - Garden Suite;
  - Laneway House;
  - Temporary Building or Structure, subject to Section 32;
  - (g) until such time as the City's Housing Services Division develops and implements a Development Charge Incentive Program, dwelling units

within an affordable housing project that (A) either have been approved to receive construction funding from the Government of Canada or the Province of Ontario (including their Crown corporations) under an affordable housing program or have been approved by the City of Hamilton through an affordable housing program; and (B) such affordable housing dwelling unit is not eligible for funding for development charge liabilities from the Government of Canada or the Province of Ontario (including their Crown corporations); and,

#### **Downtown CIPA Partial Exemption**

Notwithstanding any other provision of this By-law, the Development Charges payable under this By-law respecting Class A Office Development within the boundaries of the Downtown CIPA shall be reduced by 70% after all credits are applied under this By-law, for only the portion of the Class A Office Development that is within the height restrictions as shown in Schedule "F.

Notwithstanding any other provision of this By-law, the Development Charges payable under this By-law respecting all Development, other than Class A Office Development, within the boundaries of the Downtown CIPA shall:

a) be reduced by the following percentages, after all other credits are applied, under this By-law for only the portion of the Building that is within the height restrictions as shown in Schedule "F" based on the later of the date on which Development Charges are payable or the date all applicable Development Charges were actually paid:

Table 2: Downtown Hamilton CIPA Partial Exemption

| Date                          | Percentage<br>of<br>reduction<br>(%) | Percentage of development charge payable (%) |
|-------------------------------|--------------------------------------|--|
| June 13, 2019 to July 5, 2019 | 70                                   | 30   |
| July 6, 2019 to July 5, 2020  | 60                                   | 40   |
| July 6, 2020 to July 5, 2021  | 50                                   | 50   |
| July 6, 2021 to July 5, 2022  | 40                                   | 60   |
| July 6, 2022 to July 5, 2023  | 40                                   | 60   |
| July 6, 2023 to July 5, 2024  | 40                                   | 60   |

Schedule "F" shall not be amended by any decision by the Local Planning Appeal Tribunal relating to the City's Zoning By-law Amendment 18-114; or by any amendments, including site specific or area specific, to the City's Zoning By-law 05-200 either through Local Planning Appeal Tribunal decisions or by Council.

For clarity, any Development in excess of the height restrictions as shown in Schedule "F" shall be subject to the full calculated Development Charge and only be reduced if there are any credits or exemptions remaining after applying any and all other credits or exemptions to the portion of the building that is within the height restrictions as shown in Schedule "F".

- b) for each year this By-law is in effect an additional exemption will apply as follows:
  - i. a dollar-for-dollar exemption on any remaining Development Charges
    payable equal to any amount of contribution by the payer of the
    Development Charges to the Downtown Public Art Reserve in an amount
    not to exceed ten percent of the Development Charges otherwise payable
    on the height that is within the height restrictions as shown as Schedule
    "F"; and
  - ii. (the amount of all exemption provided in Subsection 27(b) shall be limited to \$250,000 annually and any single exemption shall be reduced by the amount it would exceed the \$250,000 limit.

The exemptions in Section 26 and 27 shall not apply in addition to the exemptions in Sections 19, 25 and 29. The exemptions provided in Section 26 and 27 shall only apply if the amount of exemption is greater than that provided under Sections 19, 25 and 29, individually or cumulatively. If the exemptions under Sections 19, 25 and 29 are greater, individually or cumulatively, than that which could be provided under Section 26 and 27, no exemption pursuant to Section 26 and 27 shall apply. For the purpose of this Section, the Residential Use and Non-residential Use portion of a Mixed-Use Development may be viewed as independent of one another and the exemption under this By-law that provides the greatest reduction in Development Charges payable shall be applied to each use.

#### Other Partial Exemptions

29. Notwithstanding any other provision of this By-law, the Development Charges payable under this By-law respecting the following types of Development will be partially exempt from Development Charges under this By-law in the manner and to the extent set out below:

- a) for any Non-industrial Development other than an expansion, within the boundaries of the CIPAs or BIAs, and for any Office Development other than an expansion anywhere in the City, Development Charges shall be imposed as follows:
  - i. 50% of the applicable Development Charge on the first 5,000 square feet;
  - ii. 75% of the applicable Development Charge for each square foot in excess of 5,000 square feet and under 10,000 square feet;
  - iii. 100% of the applicable Development Charge on the amount of Development exceeding 10,000 square feet.

Where Development has been exempted pursuant to this Subsection, the exemption set out in Subsection (b) below does not apply to any subsequent expansion on such Development.

- b) the initial 5,000 square feet of Gross Floor Area of an Office Development expansion, whether attached or unattached to an existing Office Development, shall be exempted from the payment of Development Charges provided that:
  - i. the office development has not had the exemption in Subsection 29(a) previously applied to it under this By-law;
  - ii. the Office Development has not been the subject of any exemptions or partial exemptions from the payment of Development Charges under any other Development Charges By-laws which are no longer in force;
  - iii. where unattached to an existing Office Development, the expansion must be situated on the same site as the existing Office Development; and,

- iv. where, subsequent to an unattached expansion exempted hereunder, the Lot is further subdivided such that the original existing Office Development and the unattached expansion thereof are no longer situated on the same Lot, further exemptions pursuant to this Section, if any, shall only be calculated on the basis of the Office Development and the Lot as they existed on the date of the first exemption.
- c) Until June 30, 2020 Development of a Student Residence is exempt from 50% of the Development Charge otherwise payable pursuant to this By- law according to the type of Residential Development. After June 30, 2020, no exemption shall be provided for Development of a Student Residence and the Development of a Student Residence will be subject to the payment of Development Charges payable pursuant to this By-law.
- d) Redevelopment of an existing Residential Development for the purpose of creating Residential Facilities or Lodging Houses within the existing building envelope is exempt from 50% of the Development Charge otherwise payable pursuant to this By-law.
- e) Redevelopment of an existing Residential Facility or Lodging House for the purpose of creating additional bedrooms in a Residential facility or Lodging House within the existing building envelope shall be exempt from 50% of the Development Charge payable pursuant to this By-law. Notwithstanding anything else contained in this By-law, save and except Subsection 30(d) and Subsection 31(d), the credit applicable to any such Redevelopment shall be based on 100% of the applicable Residential Facility rate or Lodging House rate in effect at the time of receipt by the Chief Building Official of a complete building permit application for the said redevelopment within the meaning of Section 32 of this By-law.
- f) the Adaptive Reuse of the part of a building on a Protected Heritage Property that contains:
  - heritage attributes that are the subject of designation under Part IV of the Ontario Heritage Act;
  - ii. features subject to a Heritage Easement under Part II of the Ontario Heritage Act;

- iii. features subject to a Heritage Easement under Part IV of the Ontario Heritage Act; or
- iv. features subject to a covenant or agreement on title held between the property owner and a conservation authority or level of government in the interest of conserving,

is exempted from Development Charges.

#### Indexing

The D.C.s imposed shall be adjusted annually in accordance with the Statistics Canada Non-Residential Building Construction Price Index, by type of building (non-residential building) for the City of Toronto, for the most recent year over year period, every July 6<sup>th</sup>, without amendment to the by-law.

#### **By-law Duration**

The by-law will expire on June 13, 2024, unless it is repealed by Council at an earlier date.

#### Timing of D.C. Payments

D.C.s imposed under the by-law are calculated, payable and collected upon issuance of building permit for the development.

Despite the above, Council from time to time, and at any time, may enter into Agreements providing for all or any part of the D.C. to be paid before or after it would otherwise be payable, in accordance with section 27 of the D.C.A.

### Appendix B Service Standards

# Appendix C Draft Amending Development Charge By-law

### City of Hamilton

### By-law Number 21-\_\_\_

# Being a By-Law of the City of Hamilton To Amend By-Law 19-142, Respecting Development Charges

**Whereas** the City of Hamilton (the "City") enacted By-law 19-142 pursuant to the *Development Charges Act, 1997*, S.O. 1997, c. 27, as amended (the "Act"), which Act authorizes Council to pass By-laws for the imposition of development charges against land;

**And Whereas** the City has undertaken a study pursuant to the Act which has provided updated Schedule A (Table A2) to By-law 19-142;

**And Whereas** the Council of the City of Hamilton ("Council") has before it a report entitled "City of Hamilton 2021 Development Charge Update Study" prepared by Watson & Associates Economists Ltd., dated March 5, 2021 (the "update study");

**And Whereas** the update study and proposed amending By-law were made available to the public on March 5, 2021 and Council gave notice to the public pursuant to Section 12 of the Act.

**And Whereas** Council, on April 22, 2021 held a meeting open to the public, pursuant to Section 12 of the Act, at which Council considered the study, and written and oral submissions from the public;

## **NOW THEREFORE** Council hereby enacts as follows:

- 1. By-law 19-142 is hereby amended as follows:
  - A. Addition of Accessory Dwelling to the definitions in Section 1 as follows:
    - "Accessory Dwelling" means a self-contained residential unit that is subordinate in purpose to another residential dwelling unit upon the same lot and includes a garden suite and a mobile home.
  - B. Addition of Ancillary Residential Building to the definitions in Section 1 as follows:

"Ancillary Residential Building" means a residential building that would be ancillary to a detached dwelling, semi-detached dwelling, or row dwelling and includes an accessory dwelling.

C. Addition of Class to the definitions in Section 1 as follows:

"Class" means a grouping of services combined to create a single service for the purposes of this By-law and as provided in Section 7 of the Development Charges Act.

D. Addition of Hospice to the definitions in Section 1 as follows:

"Hospice" means a building or portion of a mixed-use building designed and intended to provide palliative care and emotional support to the terminally ill in a home or homelike setting so that quality of life is maintained, and family members may be active participants in care.

E. Addition of Institutional Development to definitions in Section 1 as follows:

"Institutional Development" means development of a building or structure intended for use:

- (i) as a long-term care home within the meaning of Subsection 2 (1) of the Long-Term Care Homes Act, 2007;
- (ii) as a retirement home within the meaning of Subsection 2 (1) of the *Retirement Homes Act.* 2010:
- (iii) by any of the following post-secondary institutions for the objects of the institution:
  - 1. a university in Ontario that receives direct, regular, and ongoing operating funding from the Government of Ontario,
  - 2. a college or university federated or affiliated with a university described in subclause (1), or
  - 3. an Indigenous Institute prescribed for the purposes of Section 6 of the *Indigenous Institutes Act*, 2017;
- (iv) as a memorial home, clubhouse, or athletic grounds by an Ontario branch of the Royal Canadian Legion; or

- (v) as a hospice to provide end of life care.
- F. Addition of Interest Rate to the definitions in Section 1 as follows:

"Interest Rate" means the annual rate of interest calculated as per the City's D.C. Interest Policy (FPAP-DC-002), as may be revised from time to time.

G. Addition of Non-profit Housing Development to the definitions in Section 1 as follows:

"Non-profit Housing Development" means development of a building or structure intended for use as residential premises by,

- a corporation without share capital to which the Corporations Act applies, that is in good standing under that Act and whose primary object is to provide housing;
- (ii) a corporation without share capital to which the Canada Not-for-profit Corporations Act applies, that is in good standing under that Act and whose primary object is to provide housing; or
- (iii) a non-profit housing co-operative that is in good standing under the Co-operative Corporations Act, or any successor legislation.
- H. Addition of Rental Housing to the definitions in Section 1 as follows:

"Rental Housing" means development of a building or structure with four or more dwelling units all of which are intended for use as rented residential premises;

I. Addition of Site to the definitions in Section 1 as follows:

"Site" means a parcel of land which can be legally conveyed pursuant to Section 50 of the Planning Act and includes a development having two or more lots consolidated under on identical ownership.

J. Addition of Zoning By-law to the definitions in Section 1 as follows:

"Zoning By-law" means the Zoning By-law No. 05-200, 87-57, 3581-86, 90-145-Z, 464, 6593, 3692-92, as appropriate based on development type and location, of the City, or any successor thereof.

K. Replace Section titled "Designation of Services," inclusive of and Sections 10 and 11, with the following:

### **Designation of Services/Class of Services**

- 10. All Development of land within the area to which this By-law applies will increase the need for Services/Class of Services.
- 11. The Development Charges applicable to a Development as determined pursuant to this By-law shall apply without regard to the Services/Class of Services required or used by an individual Development.
- L. Replace Section 19 for "Exemptions for Intensification of Existing Housing or New Housing" with the following:

19.

- (a) No Development Charge shall be imposed where the only effect of an action referred to in Section 12 of this By-law is to:
  - (i) permit an enlargement to an existing residential Dwelling Unit;
  - (ii) permit the creation of one or two additional Dwelling Units in an existing single detached dwelling or a prescribed ancillary residential dwelling structure to the existing residential building;
  - (iii) permit the creation of additional dwelling units equal to the greater of one Dwelling Unit or one percent of the existing Dwelling Units in existing Rental Housing or a prescribed ancillary residential dwelling structure to the existing residential building;
  - (iv) permit the creation of one additional dwelling unit in any other existing residential building already containing at least one Dwelling Unit or prescribed ancillary residential dwelling structure to the existing residential building; or
  - (v) permit the creation of a second dwelling unit in prescribed classes of proposed new residential buildings, including residential dwelling structures ancillary to dwellings, subject to the following restrictions:

| Item | Name of Class of<br>Proposed New<br>Residential Buildings  | Description of Class of Proposed New<br>Residential Buildings   | Restrictions   |
|------|--|---|--|
| 1    | Proposed new detached dwellings  | Proposed new residential buildings that would not<br>be attached to other buildings and that are<br>permitted to contain a second dwelling unit, that<br>being either of the two dwelling units, if the units<br>have the same gross floor area, or the smaller of<br>the dwelling units.                               | The proposed new detached dwelling must only contain two dwelling units.  The proposed new detached dwelling must be located on a parcel of land on which no other detached dwelling, semi-detached dwelling or row dwelling would be located.   |
| 2    | Proposed new semi-<br>detached dwellings or row<br>dwellings   | Proposed new residential buildings that would have one or two vertical walls, but no other parts, attached to other buildings and that are permitted to contain a second dwelling unit, that being either of the two dwelling units, if the units have the same gross floor area, or the smaller of the dwelling units. | The proposed new semi-detached dwelling or row dwelling must only contain two dwelling units.  The proposed new semi-detached dwelling or row dwelling must be located on a parcel of land on which no other detached dwelling, semi-detached dwelling or row dwelling would be located.   |
| 3    | Proposed new residential<br>buildings that would be<br>ancillary to a proposed new<br>detached dwelling, semi-<br>detached dwelling or row<br>dwelling | Proposed new residential buildings that would be ancillary to a proposed new detached dwelling, semi-detached dwelling or row dwelling and that are permitted to contain a single dwelling unit.  | The proposed new detached dwelling, semi-detached dwelling or row dwelling, to which the proposed new residential building would be ancillary, must only contain one dwelling unit.  The gross floor area of the dwelling unit in the proposed new residential building must be equal to or less than the gross floor area of the detached dwelling, semi-detached dwelling or row dwelling to which the proposed new residential building is ancillary. |

- (b) Notwithstanding (a) above, Development Charges shall be imposed if the total Gross Floor Area of the additional one or two units exceeds the Gross Floor Area of the existing Dwelling Unit.
- (c) Notwithstanding (a) above, Development Charges shall be imposed if the additional Dwelling Unit(s) has a Gross Floor Area greater than:
  - (vi) in the case of a Semi-detached Dwelling Unit or Townhouse Dwelling Unit, the Gross Floor Area of the existing Dwelling Unit; and
  - (vii) in the case of any other Residential Building, the Gross Floor Area of the smallest Dwelling Unit contained in the said residential Building.
- (d) The exemption to Development Charges in (a) above shall only apply to the first instance of intensification in an existing or new dwelling.
- (e) Subject to (b), (c) and (d) above, any exemption under (a) above shall apply to the smallest Dwelling Unit, as determined by applicable rates under this By-law.
- M. Reference in Section 33 is changed to reflect renumbering:

Subject to the provisions of Sections 34 and 35, Development Charges are payable at the time a building permit is issued with respect to a Development.

N. Addition of policies related to the timing of development charges payments.

These will be included after Section 33 of the development charges by-law:

### New Sections:

- 34. Notwithstanding Section 33, Development Charges for Rental Housing and Institutional Developments are due and payable in six equal annual instalment payments commencing with the first instalment payable on the date of occupancy, and each subsequent instalment, including interest as per the City's D.C. Interest Policy (FPAP-DC-002), as may be revised from time to time.
- 35. Notwithstanding Section 33, Development Charges for Non-profit Housing Developments are due and payable in 21 equal annual instalment payments commencing with the first instalment payable on the date of occupancy, and each subsequent instalment, including interest as per the City's Interest policy (FPAP-DC-002), as may be revised from time to time.
- O. Sections 34 to 50 of the By-law are renumbered to 36 to 52, respectively.
- P. Replace Section 39 (renumbered to 41) "Reserve Fund Report" with the following:

The General Manager of Finance and Corporate Services shall, in each year prior to June 30 thereof, commencing June 30, 2020 for the 2019 year, furnish to Council a statement in respect of the reserve funds required by the Act for the Services/Classes of Services to which this By-law relates, for the prior year, containing the information set out in Section 43 of the Act and Section 12 of the Regulation.

- Q. Schedule "A" is deleted, and the attached Schedule "A" is substituted, therefore.
- 2. This By-law shall come into force and effect at 12:01AM on July 6, 2021.
- 3. Except as amended by this By-law, all provisions of By-law 19-142, as amended, are and shall remain in full force and effect.
