

MEMORANDUM TO: All Chiefs of Police and
Commissioner Thomas Carrique
Chairs, Police Services Boards

FROM: Richard Stubbings
Assistant Deputy Minister
Public Safety Division

SUBJECT: **Phase 1 COVID-19 Vaccinations for Frontline Police
Officers**

DATE OF ISSUE:	February 26, 2021
CLASSIFICATION:	General Information
RETENTION:	Indefinite
INDEX NO.:	21-0023
PRIORITY:	Normal

I am writing to provide an update on Ontario's phased vaccination plan and prioritization as it relates to first responders.

Phase 1 of the province's vaccination roll-out includes front-line personnel who provide direct health care services including response to triaged medical emergency calls where there is an increased risk of exposure to COVID-19. This includes paramedics, front-line police officers, and fire fighters who respond to medical calls for service and provide emergency assistance such as cardiopulmonary resuscitation (CPR) and the administration of Naloxone.

For clarity, only active duty front-line police officers who as part of their duties regularly provide emergency medical care are included in Phase 1. Police services personnel who do not respond to medical calls for service as part of their routine duties do not qualify under Phase 1.

Examples of staff that do not qualify for Phase 1 include, but are not limited to, those in investigative units and functions and back-office staff such as researchers and administrators.

At this time, chiefs of police and the Commissioner are encouraged to reach out to their local Public Health Unit(s) to discuss the vaccination approach, including informing them of eligible staff that require vaccines for Phase 1 only and potential timing. A list of all 34 local Public Health Units and their respective medical officers of health are included in an appendix to this memo.

Due to the current limited supply of vaccines, this phased prioritization framework will allow the most vulnerable members of our communities to be vaccinated first. Police service staff that do not belong in Phase 1 will get vaccines in Phase 2 because they are deemed essential workers.

I can assure you that the Ministry of the Solicitor General remains on the forefront of planning related to vaccine supply and administration, and we will continue to emphasize the prioritization of the health and safety of our first responders.

Thank you for your sustained efforts to keep our communities safe and for continuing to emphasize the health and safety of front-line police personnel.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Stubbings', with a stylized flourish at the end.

Richard Stubbings
Assistant Deputy Minister
Public Safety Division

Appendix: Public Health Units
