Subject: Aberdeen lane closures

To Mayor Eisenberger and Members of City Council, I am writing to express my concern over proposed lane closures on Aberdeen Ave. between Dundurn and Queen St.

I have lived in this neighborhood for 40 years and agree Aberdeen is a busy street. However there are stoplights with crosswalks at Dundurn, Locke & Queen St. and pedestrian activated stoplights at Kent, Cottage, and Chedoke Ave. Reducing lanes on Aberdeen will cause significant traffic congestion with many vehicles diverting to adjacent streets making them less safe.

I hope you will not support the proposed lane closures.

Keith Mann
